About J. Watumull Sadhubella Girls College

A Spiritual Leader, Visionary Figure Acharya Swami Ganeshdasji Maharaj, Founder of Sadhubella Education Society, believed that “the need of time is to nourish the student for all round development much beyond the academic excellence”. The weaker female section neglected by society since centuries touched the kind heart of our beloved Acharya Swami Ganeshdasji Maharaj. He started education especially for girls which flourished from bottom to top. Our College is the only girl's college in Mumbai suburban areas permanently affiliated to the University of Mumbai. This step of Acharya Swami Ganeshdasji Maharaj was not only appreciated but supported from International Level.

Due to globalization and the active participation of women in every field, our college came forward to start professional courses i.e. Bachelor of Management Studies, B.Com, (Banking and Insurance) and M.Com in Accountancy.

The college has achieved academic excellence in a very short span of time. The students have proved themselves in the academic field, sports and cultural activities. The faculties of the college strive hard for the development of the students and are a great support to them.

We expert all types of support and encouragement from every corner of the society to fulfill the dreams of Acharya Swami Ganeshdasji Maharaj to bring the college on global arena.

ABOUT INTERNATIONAL CULTURAL FORUM

International Cultural and Social Forum, India is established in 2013 under the guidance of Hon.' Sheilabai Bappoo'. The Forum works at theInternational level in many countries like USSA, UK, Canada, Thailand, Singapore, Malaysia, Dubai and Mauritius. The Forum is established with the aim of developing the cultural, social and individual correlation Indian with the world. It aims to spread the great Indian Culture for the welfare of human being at International level.

To achieve the purpose of the establishment of the Forum, we have conducted (14th) International conferences in various countries. The present Conference is our 15th attempt through which we want interaction on Indian Culture with the world.

INTRODUCTION

The main objectives of the conference are to facilitate a platform for Researchers, Teachers, Students as well as Industrial Professionals from all over the world to present their research results, view or development activities. The conference provides an opportunity to all the avid delegates to exchange their ideas, applications and experiences in the field. The conference will also provide a platform for the exchange of ideas and may open up possibilities of collaborative and interdisciplinary research. There would be a chance to have a vis-à-vis interaction to establish a coherent research relation and find global partners for a beneficial collaboration.

Owing to the profound global applications in understanding life and eliminating misconceptions, the influx of knowledge needs categorization. When combined with humanities are interrupted spontaneity could be gained so that the other aspect of humanity is not withered away in the unidirectional enthusiasm.

ABOUT THE CONFERENCE

The two days conference is based on Science, Technology, Social Sciences and Humanities. All of these also share common goals for the betterment of mankind. Therefore, it becomes important to be updated time to time with innovations and trends of research in these areas. The International Conference will fulfill the knowledge gap generated between the students and scientists working in these areas. The conference will also provide a platform for the exchange of ideas and may open up possibilities of collaborative and interdisciplinary research. The Conference will bring together academicians, industrialist, teachers/students and Scientists from all over the world.

We hope that you will take up the many opportunities to join us for academic exchange and explore the new and emerging trends in these areas.

Aims and Objectives of the Conference:

- International Conference on Science, Technology, Social Sciences and Humanity aim to bring together leading Academicians, Industrialists, Scientists, Research Scholar and Researchers to exchange and share their experience and research.

- Global the education so that Research Scholars from a different region can communicate with each other through a common platform.
- Help students, faculty and researchers in Science, Social Sciences, Pharmaceutical , Engineering, Technology and Management so that they can enhance their knowledge in different areas of research.
- To develop new ideas rather innovative ideas, new ways and respect among academicians and researchers in a healthy atmosphere.
- To provide a great opportunity for all the participants to meet and reminisce the importance of contributing to the well being our society and environment.
