"CURRENT TRENDS IN SCIENCE, SOCIAL SCIENCES & MANAGEMENT"

At KUALA LUMPUR (Malaysia)

From (5-11th), November, 2016

ABOUT SOCIETY

Society for Development of New Life Sciences **(SDNLS)**, Aurangabad (M.S.), India is a registered society established in August 2014. Its main objective is to encourage the researchers by providing an arena for presenting their work or ideas in a succinct form in the Abstract and then detail in the complete paper. There has been explosive development of the Biological Sciences, Physical Sciences, Chemical Sciences, Engineering and Technology, Environmental Sciences, Education, Social Sciences, Agricultural Economics, Commerce, Humanities and Biotechnology etc. At grass root level. The society also collaborates with various academic and research institutes Governmental and Non Governmental organizations for organization of the conferences in bring out and publishing the prestigious scientific journal. At the same time, needless to say, there is notable expansion in other disciplines. **SDNLS** is keen on bringing together the found breaking discoveries from New Genes and Bio-Products.

SOCIETY VISION

The main objectives of SDNLS are to facilitate a platform for Researchers, Teachers, Students as well as the Industrial Professionals from all over the world to present their research results, views or development activities.

The conference provides an opportunity to all the avid delegates to exchange their ideas, applications and experiences in the respective field.

The conference also provide a platform for exchange of ideas and may open up possibilities of collaborative and interdisciplinary research. There would be a chance to have a vis-à-vis interaction to establish a coherent research relation and find global partners for a beneficial collaboration.

Owing to the profound global applications in understanding life and eliminating misconceptions, the influx of knowledge needs categorization.

When combined with humanities are interrupted spontaneity could be gained so that the other aspect of humanity are not withered away in the unidirectional enthusiasm.

SOCIETY ACTIVITIES

SDNLS had earlier organized two International Conferences Abroad :

The First Conference was organized at Bangkok (Thailand) in November 2014.

The Second International conference was organized at Dubai (UAE) in November 2015.

The Third Conference is going to be organized at Kuala Lumpur (Malaysia) this year 2016, in November.

ABOUT CONFERENCE

The three days conference is based on Science and Technology, Social, Cultural and humanities. All of these also share the common goals for the betterment of mankind. Therefore, it becomes important to be updated time to time with innovations and trends of research in these areas. The International Conference will fulfill the knowledge gap generated between the students and scientists working in these areas. The conference will also provide a platform for exchange of ideas and may open up possibilities of collaborative and interdisciplinary research.

The Conference will bring together academicians, teachers / Students, and Scientist from all over the world, and we hope that you will take this opportunity to join us for academic exchange and visit the country of Malaysia and Singapore.

We look forward to seeing you in Malaysia in November 2016.

CHIEF OBJECTIVES OF CONFERENCE

To bring closer ties amongst the illustrious overseas speakers, learned delegates, participants to interact with each other.

To provide a great opportunity for all the participants to meet and reminisce the importance in contributing to the well being our society and environment.

To develop new ideas rather innovative ideas, new ways and respect among academicians and researchers in healthy atmosphere.
