Finance Day Celebration

*'UrbVilla - Come back to village'*

Venue: In front of Main Building & IT Building

Date: 1<sup>st</sup> February 2020

Time: 10 am to 5 pm

### About the Event :

**Department of Management Studies** has been organizing 'Finance Day' since 2017 with a motive to spread awareness of financial aspects of different sectors among the students, parents and society. The theme of this year is 'Finance - 'Urbvilla' (Urban and Village - with a focus on Village products and Systems). Trade & Commerce in India that started from our villages. But as time changed, the purchasing trend shifted from village product to urban product. Poverty in rural India became rampant. India needs a new deal for rural India.

In this highly disruptive phase of India's history, we must therefore ensure that the benefits of economic growth reaches everyone. If not, then inequity reigns, hopes die and our efforts to create a prosperous India will not bear fruit.

The widening urban-rural divide is evident in the inequalities in consumption, quality of life, and availability of physical and social infrastructure. To ensure inclusive economic growth, the government needs to urgently focus on rural trade & commerce. A large number of people are living in villages. So, rural India will have a multiplier effect on investment, consumption, government expenditure and exports. One needs to focus on boosting 'farm-to-fork opportunities' to ensure better realization for villagers. It will also need to create millions of micro-entrepreneurs and thousands of economic clusters in rural India.

To re-energize the rural economy, government has been trying to bring in some policy reforms like e-markets, Farmer Producer Organizations (FPOs) and the Model Contract Farming Act, 2018. While smart government policies, financial inclusion initiatives and investments in infrastructure can help, greater use of technology can fire the entrepreneurial spirit and spur innovation in rural India.

To kick-start the rural economy, we must create awareness of trade and commerce run by villagers so that a sustainable growth of the Indian financial sector can be achieved.

Through the concept 'Urbvilla' (Urban and Village - with a focus on Village products and Systems), we wish to create the awareness of the importance of rural business. The main purpose of 'Finance Day' is to rejuvenate the business pattern of our village products and to create a better platform for Indian financial growth.

Finance day will be organized by the students of B. Com. (Financial Management) and M. Sc. (Finance), to help them enhance their financial knowledge through interactive practical experience.
