**Report on “How to manage money and be a smart investor”**

Date: 28<sup>th</sup> January, 2019

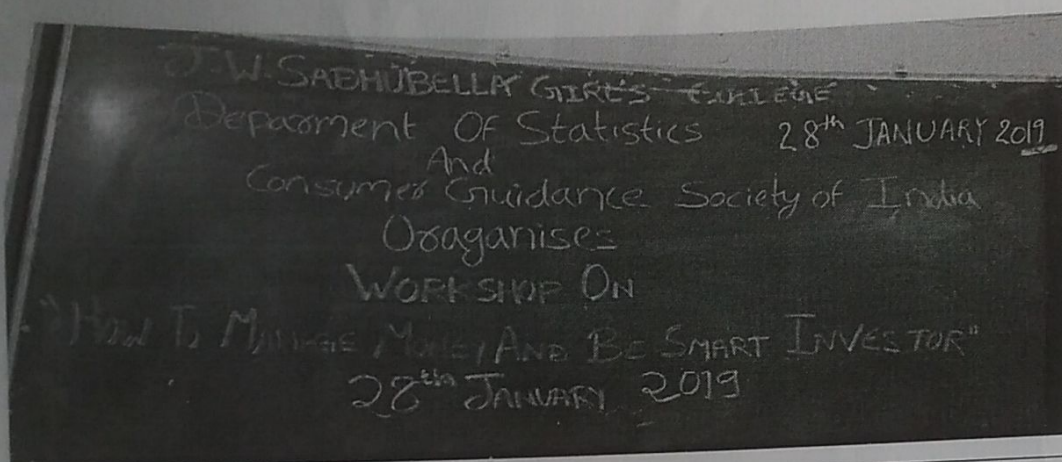

Sadhubella education society's J. Watumall Sadhubella Girls college organized a workshop on 28<sup>th</sup> January 2019. Mrs. Geeta Gangwani professor of Sonawane college Kalyan, was the speaker. 59 students participated in the workshop. Saving is very Important for our future, failing which we cannot survive in our old age. She said that how to manage our money properly. Investment is the best path but with rational decision. Understand your current financial situation, set personal priorities and finance goals, create and stick to a budget, establish an emergency fund, save for retirement, pay off debt and schedule regular progress report are the psychology of managing money. They are the basics of money management. There are ten sample ways to manage your money better. Have a budget, using the budget, give yourself a limit for unbudgeted spending and track your spending. Don't commit to any new recurring monthly bills, make sure you are paying the best prices, save for big purchases, limit your credit card purchase and contribute to savings regularly and being good with money takes practice many boost up your financial position.

Investment skill is required for money management. She emphasized that we all have different investing goal and different time frame. To achieve the goal of investment we should get an early start, invest regularly, build a diversified portfolio, monitoring of portfolio and align investment with time horizon, successful investing involves making choices that meet your unique needs today and your financial goals for future should be followed. Being a smart investor will help you make better investing decision. Be smart about money. There are some tips to be a smart investor, check registration which protects you from unqualified and fraudulent investment professionals.

Have a plan for the short and long term as well as the unexpected, fees can significantly impact your investment returns. Risk is the potential to lose some or all of the money you have invested, make your investment grow faster by reinvesting any interest earned and be realistic and do not seek the highest possible return all the time. Ms. Supriya Salvee delivered the Vote of Thanks.

### Seminar on E-commerce

Date: 11/05/2018

Sadhubella Education Society's J. Watumull Sadhubella Girls college organized a seminar on e-commerce on 11<sup>th</sup> may 2018. Dr. kajal Bhojwani from CHM College, Ulhasnagar, delivered outstanding lecture on e-commerce with special reference to modern business world. Its relevance is increasing due to globalized market. Mrs. Sharmila Karve, introduced the key note speaker.

Mrs. Kajal Bhojwani discussed extensively from top to bottom on the importance of e-commerce. She expressed that e-commerce is known as electronic commerce or internet commerce, refers to buying and selling of goods or services using the internet. It is often used to refer to the sale of physical products online but it can also describe any kind of commercial transaction, that is facilitated through the internet. There are four main types of e-commerce models: business of consumers, business to business, consumers to consumers and consumer to business.

E-commerce can take on a variety of forms involving different transactional relationships. Retail, whole sale, drop shipping, crowd funding subscribes on physical product, digital products, services are various form of e commerce. Modern electronic commerce typically uses the world wide web. It uses other technology such as e-mail. E-commerce transaction include the purchase of online books and music purchases etc. E-commerce business also employ online shopping for retail sales direct to consumers providing in online market places.

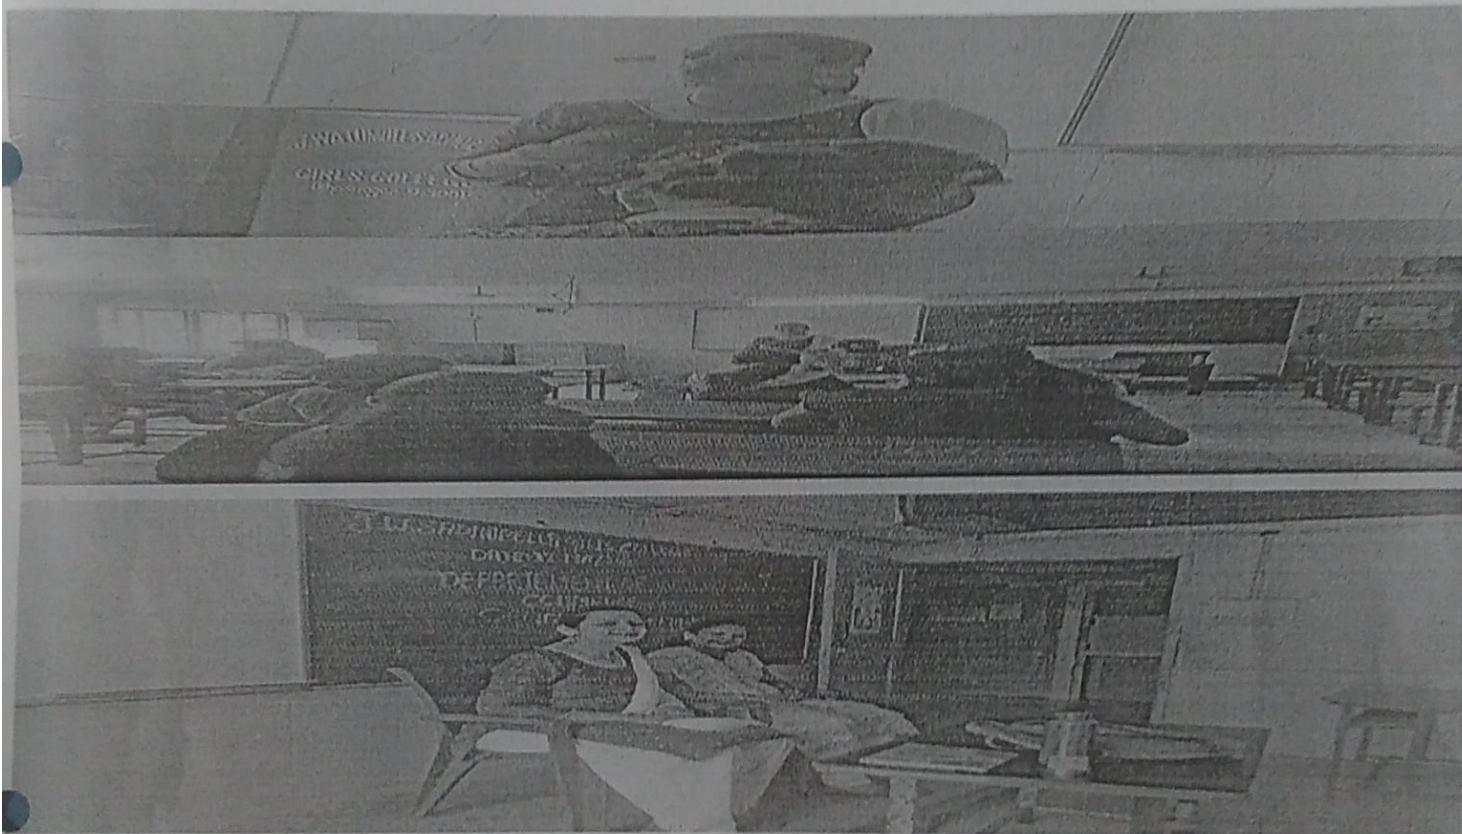

Global trends of online business are increasing rapidly. Among emerging economies, china's e-commerce presents continues to expand every year. The Chinese retailers have been able to help consumers retail sales in that period. E-commerce has been an important tool for small and large business worldwide. Not only to sell to customer but also to engage them. Mobile

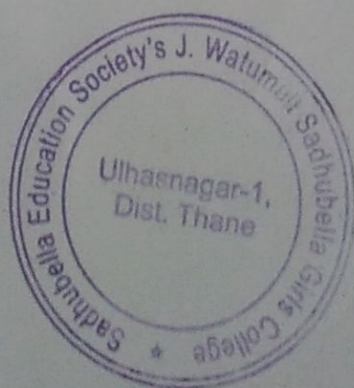

devices are playing an increasing role in the mix of e-commerce. This is also called mobile commerce.

Dr. Bhojwani stated the importance of logistics in E-commerce. Online markets and retailers have found the best possible way to fill orders and deliver products. Small companies usually control their own logistic operation but most large companies hire fulfillment services that takes care of company's logistic needs. Finally, the seminar ended with the thanks giving by Ms. Sharmila Karve.

Dr. Kajal Bhojwani invited as a resource person for the session of E-commerce on 11<sup>th</sup> may, 2018.
