 "Libraries' Response to COVID 19:
 Enhanced Online Library Services"**

Date: 12-18 May 2020

The whole world is affected by the COVID-19 pandemic. Most of the countries have declared lockdown for more than 40 days. People are forced to work from home. Use of internet, e-communication platforms are at a peak everywhere. In this situation it would be interesting to know how library professionals around the world are coping with this situation, what innovative services they are providing to the virtual community, and what is their view on future Library services and the LIS job market.

This FDP will try to highlight how libraries are coping in the COVID-19 pandemic. It will be useful for LIS teachers, librarians and academic community to know how the situation is handled around the world.

Need for Librarian's Development Programme

Education, knowledge, information, and learning are important facets of academic institutions. The advancement of information and communication technology in the curriculum of academics has brought significant change not only in the library and information services but also in the changing roles and expectations from the librarians and information professionals. Customer-focused and user-oriented approach has replaced the traditional librarianship which requires specialized subject knowledge and skills. It implies that either by compulsion or willingly, continuing learning is the need of the day for the library and information professionals.

Objectives of Librarian Development Programme

- To equip librarians with new skills and knowledge of the nascent IT developments that are essential for providing better library services to the users.
- To maintain and enhance library effectiveness;
- To help librarians to fulfill academic responsibilities;
- To create research and collaborative network between LISc professionals; and
- To help the participants in understanding the IT discipline for merging the library science and IT knowledge for the better functioning of libraries.

SNDT Women's University

SNDT Women's University is the first Women's University in India as well as in South-East Asia. The University

was founded by Maharshi Dr. Dhondo Keshav Karve in 1916 for a noble cause of Women's Education. The first five women graduated in 1921 from this University. The University Headquarters is in Churchgate Campus, Mumbai and the other two campuses of this University are at Juhu, Mumbai and Karve Road, Pune.

BMK KRC, SNDTWU

Bharatratana Maharshi Karve Knowledge Resource Centre (KRC) (formerly Library) ,SNDT Women's University, is a multi-unit library system with a Central library and two Branch libraries. The Central library at Churchgate Mumbai was founded in 1955 with a small collection 3000 volumes, the Pune Branch Library was founded in 1964, and the Juhu Branch library was founded in 1968. Today the library has grown into a system with more than 4 lakh volumes and several user oriented services. The KRC system caters to the needs of the university's conducted colleges and departments. The mission of the KRC is to support the teaching, research and extension activities of the university by providing to students, faculty and staff, information and documentary resources and services, relevant to their needs. Being an integral part of the university, the KRC is committed to play a proactive role in the empowerment of women through dissemination and use of information and knowledge (sndt.ac.in).

SHPT School of Library Science, SNDTWU

The School since its foundation in 1961 has empowered more than 2000 women library professionals employed in India and globally in different types of libraries. M.L.I.Sc. and Ph.D. courses offered at the School focus on the latest trends in LIS field. ICT based curriculum enhances students' capacity to work in today's digital era. With the COVID-19 pandemic the School has conducted online classes and used Learning Management System Moodle for the benefit of students.

J. Watumall Sadhubela Girls College

J.Watumull Sadhubella Girls College started its pious journey with the blessings of Acharya Swami Ganeshdashji Maharaj, the founder of Sadhubella Education Society. He believes that *"The need of the time is to nourish the students for all-round personality development much beyond academic excellence. The weaker female section has been neglected by the Indian Society since centuries."* The kind heart of Swamiji inspired him to start the educational institute exclusively for girls on a piece of land measuring two acres in the congested city

of Ulhasnagar. This college made a humble beginning in the academic year 1994 with only 38 students, a single department. It is the only girl's college in the Mumbai Central suburban area which includes Thane, Kalyan, Ulhasnagar, Ambarnath, Dombivali, Bhivandi, Murbad and Shahapur talukas. Though initially it was on non-grant basis, since 1998-99 the B.Com programme came under Grant-in-Aid.

Mumbai University and College Teachers Association (MUCTA)

Mumbai University and College Teachers Association (MUCTA) was established in the year 2008 and is registered under Society Registration Act. The Association is affiliated to Akhil Bhartiya Rashtriya Shaikshik Mahasangh (ABRSM). As per the objective of the Association, since its inception MUCTA started taking keen interest in the teachers' wellbeing. A massive awareness drive was conducted throughout Mumbai University affiliated Colleges under the leadership of Dr. Shekhar Chandratre, as President and Dr. Namdev Mandge, as General Secretary. MUCTA contested University Senate elections and three candidates could win the election. Since three members were elected as the authority members it became easy for MUCTA to raise issues for safeguarding teachers' interests like timely salary payment, allowances, service conditions, work load, examination remuneration, approvals, CAS, syllabus revision on regular intervals etc.

Session-wise reports are presented as below:

1. Session Report for 12-05-2020

Speaker: Dr Kalpana Shankar

Topic: Future proofing information societies during and after the global pandemic

Timing: 12.00pm to 1.20pm

Link for YouTube Recording:<https://youtu.be/c2Aa8tEbgY>

Team managing the session: Dr. Durga Murari, Deputy Librarian and
Ms. Jayshree Kamble, Assistant Librarian,

The first day's session started with a the Inaugural session. Dr Durga Murari welcomed all the participants and then the National Anthem of India and SNTD Women's University Song were played. This was followed by a brief introduction to the week long programme as well as a brief

introduction to the organizing institutions, by Dr Subhash Chavan, Director, Bharat Ratna Maharshi Karve Knowledge Resource Centre and Head, SHPT School of Library Science. Dr. Suvarna Rawal and Dr Minakshi introduced the Mumbai University College Teachers' Association.

After this, Dr Durga Murari briefly introduced the Chief guest of the session, the Vice Chancellor of the SNDT Women's University, Prof Shashikala Wanzari who then addressed the Speaker, and all participants. Madam Talked about the role of libraries in higher education. She also elaborated about Dr S R Ranganathan's five laws of Library Science and how they can be constantly re- interpreted with the changing times. Madam Vice Chancellor's inspirational words set the tone for this seminar

After this there was an introduction to the speaker, Dr Kalpana Shankar who started her session by asking whether it is possible to future proof information societies during and after a pandemic and said that the simple answer is that it is not possible. She talked about there being an information scarcity, about COVID 19 and aspects of the pandemic which was ironic given that we live in an age of information overload or rather infodemic.

In addition to this there has been so much disinformation and misinformation going around on all the social media about the virus, the statistics, about cures etc. In fact, people are using social media to spread so much information that that sometimes the false news travels twice around the globe before the true news emerges.

Elites, governments are positioning false choices are: economy, health/welfare, and civil liberties and sometimes there is a lack of proactive policy responses by governments and other bodies. The voices of expertise and intellectualism are not being heard clearly and sometimes a partial bit is amplified by the social media. Today Journalism/journalists are playing complicated and numerous roles. The LIS professionals clearly have a role to play in trying to sift through this information and give accurate and authentic information.

The talk was followed by question answer session conducted by Ms. Jayshree Kamble. Vote of thanks was given by Ms. Kamble.

The Session was successful as more than 4,500 views were seen on YouTube channel. The session was live on Zoom as well as on YouTube Channel.

2. Session Report for 13-05-2020

Speaker: Mr. Prashant Pandey, Director of Library Services, Flinders University Library, Adelaide, Australia

Topic: Transforming Academic Libraries

Timing: 12.30pm to 2.20pm

Link for YouTube Recording: <https://youtu.be/c2Aa8tEbgY>

Team managing the session: Dr. Parul Zaveri, Associate Professor and Ms. Jayshree Kamble, Assistant Librarian

The session started with National Anthem of India and SNTD Women's University Song. Followed by that Dr. Parul Zaveri briefly introduced SNTD Women's University, Bharat Ratna Maharshi Karve Knowledge Resource Centre, SHPT School of Library Science, and J. Watumall

Sadhubella Girls College. Dr. Minaxi introduced Mumbai University College Teachers' Association. After this Dr. Parul Zaveri introduced the speaker Mr. Prashant Pandey

Mr. Prashant Pandey's talk was divided into three areas namely environmental condition in higher education leading to demand for change, Transformational ways libraries can respond to this demand and case study of how Flinders University Library is responding to current situation.

His talk focused on how the higher education system is changing globally, types of funding coming to higher education in different countries. He also emphasized on an open school concept and commented on the employment situation in general.

Mr Pandey said that there were challenges for the library professionals to be creative and provide library services while going from print to digital transformation and in automating libraries. He also talked about going from generalized LIS skills to specific skills required in librarianship, for e.g. data analytics, communication experts, blended librarianship and thus getting trained with the right skills for the right job.

Dr Pandey also mentioned that there will be disrupters in every profession including LIS, but LIS professionals should take these as challenges and turn them into opportunities. Libraries should be user centered and provide customized services. He also talked about how the Flinders University is coping up with the COVID- 19 pandemic and started offering education in online mode. His talk focused on what actions the library has taken like putting up signages for safe distancing in the library at multiple locations. Another service provided by the library is 'Book a librarian' where they can have dialog with the librarian. In the current situation there is an increased demand for the Book a librarian service compared to last year in 2019. He also mentioned about creating a road map of what to do once libraries become onsite. Key-takeaway from his talk is that LIS Professionals have to accept changing demand in current COVID-19 pandemic and reach users wherever they are by providing services in an online mode.

The talk was followed by a question answer session conducted by Ms. Jayshree Kamble. Followed by a vote of thanks.

The Session was successful as more than 4,500 views were seen on YouTube channel. The session was live on Zoom as well as on YouTube Channel.

Topic: Personal Librarian Program

Timing: 5.00 pm to 6.30 pm

Link for YouTube Recording: https://youtu.be/0dIOEm_HBV0

Team managing the session: Dr. Jyoti Bhabal, Assistant Professor, and Ms. Varsha Varma

The session on 14th May 2020, started with National Anthem of India and SNTD Women's University Song. Dr. Jyoti Bhabal briefly introduced SNTD Women's University, Bharat Ratna Maharshi Karve Knowledge Resource Centre, SHPT School of Library Science, and J. Watumull Sadhubella Girls College. Dr. Minaxi introduced Mumbai University College Teachers' Association and then Dr. Bhabal introduced the speaker Mr. Graziano Kratli

Mr Graziano talked about the Personal Librarian Program (PLP) at Yale University, which is a library outreach initiative that was launched in 2008.

He highlighted his engagement in the program since 2009, He also shared the initiatives taken to support research activities of the faculty members at Yale University. In his talk he focused on the origins, the implementation, and the assessment of the program, with particular attention to its main aspects, its impact and its challenges. He also presented a scenario on the potential of the programme in the Covid 19 phase. He spoke about how the library reconfigured its operations during the lockdown to support the new teaching and learning scenario where most of the staff were working remotely from home. It was interesting to know that this program is giving a more intimate link with the library staff. They act as a mentor to the students and in the beginning also support them psychologically. The students are encouraged to seek assistance especially now when the physical library is closed.

Vote of thanks was given by Ms. Varsha Varma. About 1455 Participants gave feedback that found that the session was motivational for young professionals to extend their work boundaries,. The Session was successful; about 1000 were watching it live on YouTube and more than 4000 views on You Tubechannel

After this Ms. Vrushali Rane briefly introduced SNTD Women's University, Bharat Ratna Maharshi Karve Knowledge Resource Centre, SHPT School of Library Science, and J. Watumull Sadhubella Girls College and Dr. Minaxi introduced Mumbai University College Teachers' Association. Ms. Vrushali Rane then introduced the speaker Dr. Nasim Iqbal.

Dr. Nasim Iqbal began his session by giving basic details about records management and its history. He mentioned that records management had existed for 7000+ years and that India had already known records keeping much earlier than European Countries. The benefits of record

management can be seen across all sectors on a large scale. The process of managing records involves capturing, storing, retrieving and protecting the records in whichever form it exist. He further discussed record management standards. Dr. Iqbal also threw light on the information management framework. He discussed record management need analysis with the help of a flow chart. The talk was followed by question answer session conducted by Ms. Vrushali Rane followed by a vote of thanks.

The Valedictory session started with a welcome to both the guests, Dr J P Singh Joorel , Director INFLIBNET and Dr Vishnu Magare, Pro Vice Chancellor, SNTD Women's University.

After this Dr Durga Murari read the report of the 7 day International FDP giving a gist of what the speakers had talked about.

Following this Dr Subhash Chavan, Director, BMK Knowledge Resource Centre, SNDTWU and spoke about the programme, the speakers and the participants and what were the key takeaways from the IFDP. He mentioned that there were more than 1500 participants registered from many countries . He also talked about how this IFDP had been successful as it had been an online programme. It would have been very difficult to host this programme physically in the city of Mumbai !

After this two participants, Dr Ishappa Bandi from Pilani and Ms Triveni Kuchi from USA spoke about their experience of the IFDP. Both of them said it had been very good to listen to all the experts .

Ms Manisha Jadhar then introduced the Chief guest , Dr J P Singh Joorel , Director INFLIBNET who congratulated the organisers for conduct of the programme. He also talked about how they had been trying to get online education on the track and this situation made it gain momentum. The LIS professionals now have to think of getting all our resources converted into digital format, linking the systems and sharing the online resources and make it available to our stake holders.

After this Ms Jadhar introduced the Pro Vice Chancellor, Dr Vishnu Magare who was presiding over the function. Dr Magare said he was overwhelmed that we have taken up this programme even though there was a lockdown and that the KRC had continued to give this service. He said that it seemed that the programme was a great success and that it was a good cooperative work by three organisations and institutions. He also said that the LIS professionals were helping the online education to gain momentum. He said that the speakers presented all the serious topics in a way that seemed very familiar and this is what had made an impact on the participants. He also mentioned Dr S R Ranganathan and how he had carved out the field of Library Science.

After this Dr Parul Zaveri gave the vote of thanks. She thanked all the speakers who had shared their innovative ideas. She also thanked the Directors of the programme, the whole team of MUCTA and the whole organising team and experts on the advisory board. She thanked the participants for making the programme so successful and a special thanks to Mr Ishappa Bandi

and Ms Triven Kuchi for their feedback. She ended by asking everyone to keep in touch and stay safe.
