Dr.P.C.Mankondi Stated in his speech that Taxonomy Of Anthozoans (Phylum: Cnidaria): Trends And Challenges that “Cnidarians contain specialized cells known as cnidocytes (“stinging cells”), which contain organelles called nematocysts (stingers). These cells are present around the mouth and tentacles, serving to immobilize prey with toxins contained within the cells. Nematocysts contain coiled threads that may bear barbs. The outer wall of the cell has hairlike projections called cnidocils, which are sensitive to touch. When touched, the cells are known to fire coiled threads that can either penetrate the flesh of the prey or predators of cnidarians, or ensnare it. These coiled threads release toxins into the target that can often immobilize prey or scare away predators”

Dr.Sandesh Wagh has stated in his speech that “The Annihilation of Caste' was originally a speech prepared by Dr. Babasaheb Ambedkar to deliver at a conference of Jat-Pat-Todak Mandal of Lahore in 1936. The Indian Social system for thousands of years observed and maintained Chaturvarnya, Caste, Untouchabilty, and Bonded Labour system. Caste system was based on the principle of negation of democratic principles it generated theory of social and racial discrimination of defeated non Aryans .The Hindu society was divided into thousands of castes which were based on the principle of birth”.

Dr.Varsha Zade stated “Evaluation of Indigenous herbal remedies used by tribal's of Melghat region of Amravati district for regulation of Aphrodisiac activity was done. Total six plants used in traditional health care practices by the tribal's were validated scientifically for their aphrodisiac property. Plant

extracts at doses of 100,200,and 400 mg were administered for 21 days to male albino rats .Their general mating behavior , libido and potency along with orientation behavior were studied”.

Mr.Patel.S.I. stated that “On Aero mycology Over Some Onion Diseases Under The Storage Conditions”The air borne fungal diseases of onion bulbs during storage conditions like Black mold (*Aspergillus niger*), Neck rot of onion bulb (*Botrytis Alli*) and onion basal rot (*Fusarium oxysporium*) were discussed in relation to the concentration of respective causal pathogen and the meteorological conditions like temperature, humidity and rainfall.

Dr.Shamim Ahmed expressed their view that Climate change is one of the most important global environmental challenges and the many types of impacts are needed to be understood and assessed, vulnerabilities needed to be addressed, while adaptation strategies have to be developed. The Himalayan ecosystem not only provides mountain goods and services but also biodiversity, community diversity and cultural diversify.

Hon’ble Prof. Rajan Santoo,University of Mauritius started his speech he said “Science and technology are essential ingredients of modern life. They transcend local boundaries and touches lives of everyone. Evolution of mankind can be seen in terms of technological evolution as well. Invention of fire and wheel changed the face of mankind. Various historical epochs - hunter-gatherers, agrarian society and industrialist society are distinguished from each other in term of technological advancement. The technological factors represent the conditions created by men that have a profound influence on his life. Technology is product of civilization. According to Karl Marx even the formation of social relations and mental conceptions and attitudes are dependent upon technology. Veblen has regarded technology as the sole explanation of social change Ogburn says technology changes society by changing our environments to which we in turn adapt. This change is usually in the material environment and the adjustment that we make with these changes often modifies customs and social institutions. **“Technology and Industrialization:** Technology has contributed to the growth of industries or to the process of industrialization. Industrialization is a term covering in general terms the growth in a society hit to mainly agrarian of modern industry with all its circumstances and problems, economic and social.

- **Technology and Urbanization:**

### REPORT-ON GST

Sadhubella Education Society's J.W. Sadhubella Girls College, Commerce Department in association with IQAC organized workshop on GST on 2<sup>nd</sup> April, 2018. The main aim of conducting this work shop was to create general awareness regarding GST (Goods & Service Tax). On this occasion college invited CA Mukesh Haseja as resource person. Ms. Hitika Makhijani welcome our speaker and give brief information about his achievements. Then Our Principal Dr. Vasant Mali felicitated to the resource person.

## Topics covered on GST are as follows:

Our speaker CA Mukesh Haseja stated in his speech that “GST aims at to replace all indirect levied on goods and services by the Indian Central and State Governments. GST would subsume with a single comprehensive tax, bringing it all under a single umbrella, eliminating the adverse effects of taxes on the production and the distribution prices of goods and services. Imposing several taxes on goods and services can lead to high cost and inefficient tax structure which can subject to shirking and revenue disclosures. The need for GST in Indian Taxation System will add value at each stage and will set off the rates both at state and at central level. Introducing GST, will increase the efficiency of taxation, improves the economic growth and it will bring whole nation to one national market. Our present taxation system is very complex and very confusing, corruption chance is there, which leads to distrust of government, there are hidden tax for exports, whereas no charge applicable on Importing of Goods/Services from one state to another. Just to overcome these issues, Rajya Sabha introduced GST bill, which will bring transparency to taxation and consumer will get to know how much tax amount they are paying to government for sale/ purchase/ manufacturing.

**Tax Structure will be Simple:** – At present, there are huge number of taxes that has to pay by consumers, with GST it will single tax to pay, which is much easier to understand. For businesses, accounting complexities will reduce and results less paperwork, which will save both time and money.

**Tax revenue will increase:** Simple tax structure will bring more tax payers and in return it will be revenue for government.

**Boost to exports:** If Indian market will be competitive in pricing, then more and more foreign players will try to enter the market, which results in more numbers of exporters and benefits to Indian Market.

At the end of the session Asst. Prof. Ms. Hitika Makhijani delivered vote of thanks. There were 77 participants attended this workshop.

#### Introduction:

Sadhubella Education Society's J.W. Sadhubella Girls College Commerce Department organized an international Conference with join collaborations with Shri Jagdish Prasad Jhabarmal Tibrewala University, International Cultural Forum, Mauritius and Udayana University Bali, Indonesia on "Multidisciplinary International Conference on "Innovative ideas in the fields of Science, Social Sciences and Management"

The inauguration function was started by lightening lamp by Mr. Vinod D. Tibrewala, Dr. Vasant P. Mali and I Komang Gde Bendesa. At the beginning Our Hon. Principal Dr. Vasant P. Mali gave brief explanation and aims and objectives of this conference. He stated "This is the attempt of bringing closer our educational, industrial and research partners together who are widespread throughout different corners is highly appreciable. May the outcomes of this conference be utilised for the benefit of mankind i.e for advancement of growth and development. Moreover, we look forward to the conference to provide enlightenment and brings us from known to unknown areas of innovative ideas and applications".

Dr.Subhash Chauhan introduced our resource person Mr.i Komang Gde Bendesa.

Mr.Bendesa expressed his views that Bali is a tiny island with many nicknames: the Hidden Paradise, The Last Paradise on Earth, The Inspiration Land of Gods. The World's Best Island, Island of a Thousand Temples, the Emerald Isle of Asia, and Island of the Smiling People. All of these names given by foreigners who had come to Bali, a name associated with community life, nature, culture, and others. The great Indian statesman Jawaharlal Nehru described Bali as 'The Morning of the World' for the beauty of its nature, culture and people.

Only recently the names are intensively associated with tourism that used to promote Bali tourism. The so many names given have caused Bali is well known for its tourism. Almost hardly heard that Bali was also successfully managed its agriculture because of its traditional irrigation system (Subak); and, without agriculture, tourism could hardly develop. Trip Advisor names Bali as the world's top destinations for 2017. The government has declared that tourism of Bali is culture-based tourism (Tri-Hita Karana).

Next Mr.Khurshid Alam Stated that "The research study on HRD and health should examine the impact of HRM practices on corporate executive health. Corporate Executive Health at work is not just a sound economic policy. It is a basic human right. Health at work is a human right guaranteed by legislation. Here each and every person has the right to in satisfying, safe and healthy conditions at work place. Health and safety at work bring us into the field of health) safety at work. Promote and maintain the highest possible level of physical, mental and social well-being of leaders in all occupations by preventing deviations from health risks and adapting work to people and people to their jobs. An analysis of this research shows that health and occupational safety are aims at ensuring the protection of executives and related

illnesses, accidents and injury prevention in the workplace, thus promoting a comfortable working environment”.

### **REPORT OF WEBINAR ON FITNESS DURING COVID-19 WITH ZUMBA WORKOUT ON 14<sup>th</sup> JUNE, 2020**

Date: 14<sup>th</sup> June, 2020

Time: 4 p.m.

Resource Person: ZIN Sagar Gidwani

The IQAC, Health Club and Department of Commerce of J. Watumull Sadhubella Girls College in collaboration with Midtown Dance Studio organized a webinar on “Fitness During COVID-19 With Zumba Workout”. The main objective was stay physically active during self-quarantine. This COVID-19 pandemic means that many of us are staying at home. Regular physical activity benefits both the body and mind it can reduce high blood pressure, help manage weight and reduce the risk of heart diseases. Even when you are in an area of COVID-19, transmission. Mask should not be worn during vigorous physical activity. Keep at least one meter away from others and if you are indoor, make sure there is adequate ventilation.

Social distancing policies are put into place. This of course means people well stay at home and spend much time leisurely. There are two components of physical activity that need to be conducted i.e. Aerobic fitness which usually includes moderate to vigorous activity that makes you feel a bit warm and causes an increase in your breathing rate. Physical activity may be included- active recreation, sports participation, cycling, walking, playing, dance, gardening, house cleaning etc. Doing something as simple as this will ease muscle strain, relief mental tension, improve blood circulation and improve muscle activity.

Any physical activity is better than none. During the COVID-19 pandemic because physical activity enhances immune function and reduces inflammation therefore it could reduce severity of infections feeling It is great stress management tool by reducing symptoms of anxiety and depression. The link between physical activity and mental wellbeing is clear. The lockdown may have a mammoth impact on the mental wellbeing of people considering the stress on the mental wellbeing, people are uncertain anxious, worried and isolated during lockdown.

Dr. Dattatraya Kalbande expressed the origin and importance of Zumba workout. Dr. Vasant. P. Mali, Principal of the college expressed importance of fitness with Zumba. Workshop ended with pleasant atmosphere with 103 participants who marked up their presence by responding the feedback form. E-certificates were distributed among the participants.
