Dr.P.C.Mankondi Stated in his speech that Taxonomy Of Anthozoans (Phylum: Cnidaria): Trends And Challenges that “Cnidarians contain specialized cells known as cnidocytes (“stinging cells”), which contain organelles called nematocysts (stingers). These cells are present around the mouth and tentacles, serving to immobilize prey with toxins contained within the cells. Nematocysts contain coiled threads that may bear barbs. The outer wall of the cell has hairlike projections called cnidocils, which are sensitive to touch. When touched, the cells are known to fire coiled threads that can either penetrate the flesh of the prey or predators of cnidarians, or ensnare it. These coiled threads release toxins into the target that can often immobilize prey or scare away predators”

Dr.Sandesh Wagh has stated in his speech that “The Annihilation of Caste' was originally a speech prepared by Dr. Babasaheb Ambedkar to deliver at a conference of Jat-Pat-Todak Mandal of Lahore in 1936. The Indian Social system for thousands of years observed and maintained Chaturvarnya, Caste, Untouchabilty, and Bonded Labour system. Caste system was based on the principle of negation of democratic principles it generated theory of social and racial discrimination of defeated non Aryans .The Hindu society was divided into thousands of castes which were based on the principle of birth”.

Dr.Varsha Zade stated “Evaluation of Indigenous herbal remedies used by tribal's of Melghat region of Amravati district for regulation of Aphrodisiac activity was done. Total six plants used in traditional health care practices by the tribal's were validated scientifically for their aphrodisiac property. Plant

extracts at doses of 100,200,and 400 mg were administered for 21 days to male albino rats .Their general mating behavior , libido and potency along with orientation behavior were studied”.

Dr.Shamim Ahmed expressed their view that Climate change is one of the most important global environmental challenges and the many types of impacts are needed to be understood and assessed, vulnerabilities needed to be addressed, while adaptation strategies have to be developed. The Himalayan ecosystem not only provides mountain goods and services but also biodiversity, community diversity and cultural diversify.

Hon’ble Prof. Rajan Santoo,University of Mauritius started his speech he said “Science and technology are essential ingredients of modern life. They transcend local boundaries and touches lives of everyone. Evolution of mankind can be seen in terms of technological evolution as well. Invention of fire and wheel changed the face of mankind. Various historical epochs - hunter-gatherers, agrarian society and industrialist society are distinguished from each other in term of technological advancement. The technological factors represent the conditions created by men that have a profound influence on his life. Technology is product of civilization. According to Karl Marx even the formation of social relations and mental conceptions and attitudes are dependent upon technology. Veblen has regarded technology as the sole explanation of social change Ogburn says technology changes society by changing our environments to which we in turn adapt. This change is usually in the material environment and the adjustment that we make with these changes often modifies customs and social institutions. **Technology and Industrialization:** Technology has contributed to the growth of industries or to the process of industrialization. Industrialization is a term covering in general terms the growth in a society hit to mainly agrarian of modern industry with all its circumstances and problems, economic and social.

- **Technology and Urbanization:**
- **Technology and Modernization:**
- **Development of the means of transport and communication**

- Transformation in the economy and the evolution of the new social classes:
- Technology and Unemployment:
- Technology and war:

REPORT-ON GST

Sadhubella Education Society's J.W. Sadhubella Girls College, Commerce Department in association with IQAC organized workshop on GST on 2nd April, 2018. The main aim of conducting this work shop was to create general awareness regarding GST (Goods & Service Tax). On this occasion college invited CA Mukesh Haseja as resource person. Ms. Hitika Makhijani welcome our speaker and give brief information about his achievements. Then Our Principal Dr. Vasant Mali felicitated to the resource person.

Topics covered on GST are as follows:

Our speaker CA Mukesh Haseja stated in his speech that “GST aims at to replace all indirect levied on goods and services by the Indian Central and State Governments. GST would subsume with a single comprehensive tax, bringing it all under a single umbrella, eliminating the adverse effects of taxes on the production and the distribution prices of goods and services. Imposing several taxes on goods and services can lead to high cost and inefficient tax structure which can subject to shirking and revenue disclosures. The need for GST in Indian Taxation System will add value at each stage and will set off the rates both at state and at central level. Introducing GST, will increase the efficiency of taxation, improves the economic growth and it will bring whole nation to one national market. Our present taxation system is very complex and very confusing, corruption chance is there, which leads to distrust of government, there are hidden tax for exports, whereas no charge applicable on Importing of Goods/Services from one state to another. Just to overcome these issues, Rajya Sabha introduced GST bill, which will bring transparency to taxation and consumer will get to know how much tax amount they are paying to government for sale/ purchase/ manufacturing.

Tax Structure will be Simple: – At present, there are huge number of taxes that has to pay by consumers, with GST it will single tax to pay, which is much easier to understand. For businesses, accounting complexities will reduce and results less paperwork, which will save both time and money.

Tax revenue will increase: Simple tax structure will bring more tax payers and in return it will be revenue for government.

Boost to exports: If Indian market will be competitive in pricing, then more and more foreign players will try to enter the market, which results in more numbers of exporters and benefits to Indian Market.

At the end of the session Asst. Prof. Ms. Hitika Makhijani delivered vote of thanks. There were 77 participants attended this workshop.

Mr.Bendesa expressed his views that Bali is a tiny island with many nicknames: the Hidden Paradise, The Last Paradise on Earth, The Inspiration Land of Gods. The World's Best Island, Island of a Thousand Temples, the Emerald Isle of Asia, and Island of the Smiling People. All of these names given by foreigners who had come to Bali, a name associated with community life, nature, culture, and others. The great Indian statesman Jawaharlal Nehru described Bali as 'The Morning of the World' for the beauty of its nature, culture and people.

Only recently the names are intensively associated with tourism that used to promote Bali tourism. The so many names given have caused Bali is well known for its tourism. Almost hardly heard that Bali was also successfully managed its agriculture because of its traditional irrigation system (Subak); and, without agriculture, tourism could hardly develop. Trip Advisor names Bali as the world's top destinations for 2017. The government has declared that tourism of Bali is culture-based tourism (Tri-Hita Karana).

Next Mr.Khurshid Alam Stated that "The research study on HRD and health should examine the impact of HRM practices on corporate executive health. Corporate Executive Health at work is not just a sound economic policy. It is a basic human right. Health at work is a human right guaranteed by legislation. Here each and every person has the right to in satisfying, safe and healthy conditions at work place. Health and safety at work bring us into the field of health) safety at work. Promote and maintain the highest possible level of physical, mental and social well-being of leaders in all occupations by preventing deviations from health risks and adapting work to people and people to their jobs. An analysis of this research shows that health and occupational safety are aims at ensuring the protection of executives and related

illnesses, accidents and injury prevention in the workplace, thus promoting a comfortable working environment”.

Report on
State Level Webinar on Introduction to Intellectual
Property Rights in India: Patents, Trademarks and Copyrights

Date: 27.4.2020

Time: 11.30 am to 1.30 pm and 2.30 pm to 4.30 pm.

Venue: Zoom Platform

Introduction: Intellectual property protection is critical for fostering innovation. Without protection of ideas, businesses and individuals would not reap the full benefits of their inventions and would focus less on research and development. The effort was made to educate the faculties and research about the legal aspects of Intellectual Property Rights by organizing webinar. The response of the participants for webinar registration was so overwhelming that the webinar was conducted twice in a day to accommodate all participants.

Academic year - 2016-2017

INTRODUCTION

1. College History

A Spiritual Leader, Visionary Figure Acharya Swami Ganeshdasji Maharaj, Founder of Sadhubella Education Society, believed that "The Need of time is to nourish the students for all round personality development much beyond academic excellence." The weaker female section neglected by society since centuries touched the kind heart of our beloved Swami Ganeshdasji Maharaj. He started education specially for girls which flourished from bottom to top. Our college is the only girls' college in Mumbai suburban areas affiliated to University of Mumbai. This step of the Swamiji was not only appreciated but supported from International level.

Due to globalization and active participation of women in every field, our college came forward to start professional courses i.e. Bachelor of Management studies, B.Com. (Banking and Insurance). From last academic year we have started M.Com. (Accountancy).

The college has achieved academic excellence in a very short span of time. The students have proved themselves in academic field, sports & cultural activities. The faculty of the college strive hard for development of the students and are great support to them. We expect all types of support and encouragement from every corner of the society to fulfil the dreams of Swamiji to bring the college on global arena.

Recommendations:

1. Provide separate bins for Dry waste and wet waste
2. To place environmental information to the public.
- 3) Arrange rally and competition of environmental awareness.
- 4) Clean the college campus area.

Conclusion: The main purpose to conduct environmental audit was to explain the ways in which environmental awareness contributes to improving and preserving environmental protection, respecting the concept of sustainable development. We pay

A) Energy Audit Observation:

As far concerning the energy audit, electricity audit is main concern regarding educational institution. We have collected data by considering the tube light, fan, computer, printer, A.C and instruments. Variation in electricity bill is due to different programs, local environment, functions. In the month of April and May energy requirement is more, because exams are going on in this period and summer season is going on so more electricity is required in this month's mostly. Installed solar panel in college campus it is benefited for college.

INTERNAL ENVIRONMENTAL, ENERGY AND GREEN AUDIT

Academic year -2018-2019

Three expert members appointed for external green audit 1) **Prof. Chetan Waman Mahajan**, Dept. of Geography / Environmental Science, J.S.S.P'S. Arts commerce and Science college, Goveli Tal. Kalyan, Dist. Thane, 2) **Mrs. Manjushree Chetan Mahajan**, Asst. Prof. Department of Geography / Environmental, K.V. Pendharkar college of Arts Commerce and Science, Dombivali Dist. and 3) **Mr. Waman Sonawane**, Sanitary Inspector, Ulhasnagar Mahanagarpalika corporation of inspection.

History :

The Governor-general of India, C. Rajagopalachari named the town **Ulhasnagar** (literally 'city of joy'; ulhas=joy; nagar=city) and he also laid the foundation stone for the township. It was called **Ulhasnagar** because of its close proximity to Ulhas Plateau and its valley. A suburban railway station was built in 1955. **Ulhasnagar**, which is located on coast of the West India, is in the Thane district of Maharashtra State. **Ulhasnagar** didn't actually exist during the medieval ages, when India was fighting against British for independence. The city was also a military camp and housed about 7,000

History of Sindhunagar/Ulhasnagar

Sindhunagar (Ulhasnagar) was build as transit military camp during 2nd world war by British Government. After the war, this place became vacant and soon after came the independence of India (15-Aug-1947). India paid a huge cost for independence. This was partition. Sindh state went on the other side of India (now Pakistan) and Sindhis who un-willingly left there homes came on the bank of Bombay (Mumbai now) with no good money in hands. Looking to the situation Indian Government decided to allot the Sindhunagar (Ulhasnagar) camp to Sindhis who came here in Mumbai during Partition.

Most of the Sindhis expected this to be a temporary arrangement and they will go back to their native land. But this hope never came true and they learned to live on this land. Sindhis started re-inventing their lost home and business here on this land. It is said the total population of Sindhunagar (Ulhasnagar) in 1951 was just 80,000.

Sindhis use to get the red wheat (one which is actually given to horses for eating), milk, fuel for cooking food on ration. Having a cup of tea use to be luxury in those days. It was made only when some guest came to house. What house, there use to be Barracks (Big halls with many doors) separated by grain sacks. No proper bathrooms and toilets.

Slowly and gradually Sindhis started learning and Bombay/Mumbai became the place of business and work for them. Luckily during those days qualified Sindhis use to get preference for employment in offices in Bombay/Mumbai. Sindhis are the hard working community and very much business minded, but making something out of nothing at all is a big achievement. Sindhis have made it possible.

This city has seen lots of phases in development. There had been gang wars for the power and dominance.

There had been duplication of goods for earning daily bread of life. This is the phase when Indian people were mad about foreign products and it use to be the trend in communities. This foreign products trend killed local manufacturers. Some of the vendors started putting "Made in USA" on products to survive in that phase. When asked what did it mean? There use to be straight answer USA stands for Ulhasnagar Sindhi Association. This city also lost the reputation because of duplication during 80s and 90s. Although now city have gained heavy strength in manufacturing and exporting quality products in its own name.

There was a Construction phase in Sindhunagar/Ulhasnagar. To earn the fast money few of the local contractors started building illegal constructions. By illegal it means As per the civic rule one can not build an apartment of more than 3 or 4 floors, but there were buildings with 6 to 7 floors spreading in the city.

Overall things have settled now and this is the place commerce starts in the country and spreads in the world. Well! Camps are still there but each camp represents its own taste. One can still find the same respect for God, what use to be there in Sindh. There are many of world famous places of worship here. People come from all over the world at these places. Swami Shanti Prakash Ashram is one such place. Jhulelal Mandir is famous for chaliha (40 day fast Sindhis observe during monsoon season).

The city has grown and its population has touched around 7 to 8 lacs. There is no growth in land and density of people has increased. Sindhunagar city consists of other communities like Maharashtrians (second largest community), Gujuratis, South Indians, Punjabis, each having their own sections and areas.

Climate :

The Ulhasnagar lies on 20m above sea level The climate here is tropical. There is significant rainfall in most months of the year. The short dry season has little effect on the overall climate. This location is classified as Am by Köppen and Geiger. The average annual temperature in Ulhasnagar is 27.0 °C | 80.6 °F. Precipitation here is about 2958 mm | 116.5 inch per year.

Rainfall :

2958mm. The **average annual temperature in Ulhasnagar** is 27.0 °C | 80.6 °F. **Precipitation** here is about 2958 mm | 116.5 inch per year.

Population:

Ulhasnagar is a city located in the Thane district of Maharashtra state in Konkan division, located about 55 km from Chhatrapati Shivaji Maharaj Terminus railway station. This city is part of Mumbai Metropolitan Region managed by MMRDA. It had an estimated **population** of 506,098 at the 2011 Census.

2. To promote environmental awareness.
3. To reduce waste.
4. Minimize human exposure to risks from environmental, health and safety problems.

Energy Audit:

Energy Audit is the key to a systematic approach for decision-making in the area of energy management. It attempts to balance the total energy inputs with its use, and serves to identify all the energy streams in a facility. It quantifies energy usages according to its discrete functions.

As per the Energy Conservation Act, 2001, Energy Audit is defined as “the verification, monitoring and analysis of use of energy including submission of technical report containing recommendations for improving energy efficiency with cost benefit analysis and an action plan to reduce energy consumption”.

Aims and objectives of Energy Audit:

1. The main objective of an energy audit is to explore various possibilities for energy conservation.
2. The Energy audit provides the vital information base for overall energy conservation program covering essentially energy utilization analysis and evaluation of energy conservation measures.
3. Identifying the quality and cost of various energy inputs relating energy inputs and production output.
4. The objectives of an energy audit can vary from one plant to another. However, an energy audit is usually conducted to understand how energy is used within the plant and to find opportunities for improvement and energy savings.
5. Sometimes, energy audit is conducted to evaluate the effectiveness of an energy efficiency project or program.

Fire safety awareness training programme organized in college campus.

Environmental Audit

A) *Environmental audit Observation:*

A comprehensive and proper environmental audit report cover a number of environmental categories including:

1. Waste management: Municipal corporation collects waste from college campus daily.
2. Water management: College provides clean, filtered drinking water to students. Water management is proper and water harvesting system has been implemented.
3. College rallies are arranged to create awareness among the public regarding clean environment.
4. College organized nature trip at Bhimashankar and Alibag.
5. College celebrate the days connected with environment like Environment day to create awareness among the students.
6. College prepared compost pit for decomposed fallen litter in college campus and Wormiculture tank are also made in college garden.
7. In college campus stick notice on plastic ban and junk food ban in college campus.
8. The college has a system provided drinking water earthen flat pots and bowl for birds.
9. Fire extinguisher is installed at strategic place in the college to meet with any emergency of extinguishing fire.
10. PCI has been given annual contact to check the loss inflicted by Rats.

B) Recommendations:

1. Provide separate dustbins for Dry waste and wet waste
2. To place environmental information to the public.
3. Arrange rally and competition for environmental awareness.
4. Clean the college campus area.
5. Waste : Consider reducing the number of general waste bins in offices to one or two in order to encourage people to think more carefully about the waste they are producing.

C) Conclusion:

The main purpose to conduct environmental audit was to explain the ways in which environmental awareness contributes to improving and preserving environmental protection, respecting the concept of sustainable development. We pay heed attention on the practical applicability to reduce pollution and improve environmental protection. A number of factors were taken into consideration i.e. waste management, water management, cleanliness programme, green and clean campus, compost pit and plastic ban.

We take initiative to instill a sense of environmental protection among students and achieve a higher level of environmental performance. We are contributing to the conservation of natural resources, using less electricity etc. College adopts ecofriendly practices and takes necessary action.

A) Energy Audit Observation:

As far concerning the energy audit, electricity audit is main concern regarding educational institution. We have collected data by considering the tube light, fan, computer, printer, A.C and instruments. Variation in electricity bill is due to different programs, local environment, functions. In the month of April and May energy requirement is more, because exams are going on in this period and summer season is going on so more electricity is required in this month's mostly. Installed solar panel in college campus it is benefited for college.

B) Recommendations:

- 1) Review periodically the list of trees planted in the campus and garden, allot numbers to the trees and keep records.
- 2) Develop botanical garden cultivate medicinal plants in next year.

C) Conclusions:

Considering the fact, the institute is predominantly a Commerce college is significant environmental research both by faculty and students. The environmental awareness initiatives are substantial. Various types of Palm plants are cultivated fox in college campus. This may lead to the prosperous future in context of green campus and thus sustainable environment and community development.

As a part of green audit of campus, we carried out the environmental monitoring of campus including illumination and ventilation is adequate considering natural light.

SWOC AND PLAN FOR 2019-20

STRENGTHS

1. Organising various seminars/webinars
2. Made several collaborations and MOUs.
3. Conducting Certificate courses.
4. Conducting various audits
5. Making college eco-friendly
6. Teachers participation in FDP, Webinars, etc.
7. Teachers went online and faced the pandemic situation with vigour despite many difficulties and uncertainties.

WEAKNESS

1. Loss of student strength
2. Unsatisfactory participation in cultural and sport activities at University, state and national level.

OPPORTUNITIES

1. To set up incubation centre
2. To increase environmental consciousness.
3. Teach terrace gardening

CHALLENGES

1. Upcoming new colleges in the vicinity
2. Attraction towards co-ed system
3. Tackle decreasing admissions

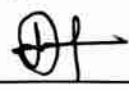

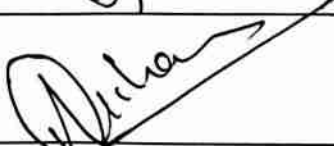

Committee Report

Detail Remarks from Committee:

- The college should continue organizing seminars/conferences, etc.
- Try to set up an incubation center.
- More teachers should involve themselves in research work.
- Good work done by the college should be advertised so as to attract students to the college.
- Infrastructure development/maintenance must be looked into.
- College must continue organizing Certificate courses and sign MOUs for industrial work exposure/experience to students.

ON
ACADEMIC AND ADMINISTRATIVE AUDIT FOR 2018-19**

The Academic and Administrative Audit for 2018-19 indicated the strengths and weaknesses and also the opportunities and challenges before the college with the SWOC analysis. It also made recommendations for further improvements/developments and the college worked on the same. Following is a list of such actions taken and the achievements thereof.

ENVIRONMENT CONSCIOUSNESS

1. Online Quiz on Awareness of COVID-19
2. Online Quiz on Environmental Awareness organized on the occasion of World Earth Day
3. Online Quiz on World Environment Day

COLLABORATIONS:

1. 31 students attended internship at Bombay Stock Exchange, Mumbai
2. 02 students attended internship programme at Guru kripa Agency, Ulhasnagar
3. 01 Student attended internship programme at 4g infosource, Thane
4. 01 Student attended internship programme at Century Rayon, Shahad
5. 01 Student attended internship programme at Sharekhan Ltd, Ulhasnagar
6. 05 students attended internship programme at FS Services, Ambernath
7. Training programme with ITAA Education Private Ltd, Thane, to enhance accounting knowledge

8. Training programme with EduBridge Learning Pvt. Ltd, Mumbai, to enhance employability skills
9. Training programme with Pidilite to bring out creativity artistic skill

CAMPUS PLACEMENT

1. Under Mega Job Fair 14 Companies participated and 96 students were placed.
2. Campus Placement Drive was conducted.

MOUs

1. MoU signed with ITAA Education Private Ltd, Thane
2. MoU Signed with EduBridge Learning Pvt. Ltd, Mumbai

FACULTY DEVELOPMENT PROGRAMME

1. National Level Faculty Development Programme on Investing in these challenging times and Indian Economy Road Ahead
2. International Faculty Development Programme on “Libraries’ Response to COVID 19: Enhanced Online Library Services

SEMINAR/ WEBINAR.

1. Seminar on “Use of Tally Making Accounting Easy”
2. Seminar on “General Insurance”
3. Seminar on “Communication Skills for Corporate”
4. Seminar on “Digitalization in Banking Sector”
5. National Level Webinar on Introduction to Intellectual Property Rights in India: Patents, Trademarks and Copyrights
6. Webinar on Stress Management during COVID -19
7. National Level Webinar Organized on " Research Methodology"
8. Webinar organized on “Fitness During COVID-19 (Zumba)”
9. Webinar organized on the occasion of “International Yoga Day, "Yoga for the Lung"

CERTIFICATE COURSES

1. Artist in Me- 30 hrs.
2. Business Correspondent/ Business Facilitator 110 hrs.
3. Tally. ERP 9+ total -60 hrs.

AUDITS

1. Green Audit
2. Environmental Audit
3. Energy Audit

STATUS

1. Obtained permanent affiliation.

OTHER

1. Result analysis showed a stunning result for final year students with average passing percentage being around 95% though overall passing percentage was average.
2. Teachers' self-appraisal reports were viewed by the IQAC and Principal. They were personally asked to work hard on overcoming their weaknesses.
3. There was marginal improvement in use of ICT tools by the teachers and they were being encouraged to include the same in everyday teaching.

Report of Green Audit J. Watumull Sadhubella Girls college Ulhasnagar

A) Observations:

Campus is located in the vicinity of many trees (Species) to maintain the biodiversity. Various trees plantation programs are being organised at college campus and surrounding villages through (National Service Scheme) unit. The programme helps in encouraging eco-friendly environment which provides pure oxygen within the institute and awareness among villagers. The plantation programme includes various type of indigenous species of ornamental and medicinal wild plant species. College established nature club and the students are aware of such club, its importance in the college and society. The college undertakes plantation programme every years. The college campus has enough trees and plants inside and outside the college campus to combat the amount of carbon dioxide released. The college has potted plants at some prominent places in side the college building except corridor. All plants existing inside the campus are regularly watered. Making composite fertilizer from the organic waste inside the campus.

B) Recommendations:

- 1) Review periodically the list of trees planted in the campus and garden, allot numbers to the trees and keep records.
- 2) Indoor plantation to inculcate interest in students, Bonsai can plant in corridor to bond a relation with nature.
- 3) Feeding and some more host plants to be attract more butterflies.
- 4) Bird feeders to be kept in campus.

C) Conclusions:

Considering the fact, the institute is predominantly a Commerce college is significant environmental research both by faculty and students. The environmental awareness initiatives are substantial. Various types of Palm tree plants are cultivated fox tail palm, fish tail palm, red laten palm, yellow laten palm, royal palm, tables palm and areca palm and travellers' tree etc. In college campus animal biodiversity is also in good numbers and it very nice about biodiversity point of view. Few recommendations are added to curb the menace of waste management using eco-friendly and scientific techniques. This may lead to the prosperous future in context of green campus and thus sustainable environment and community development.

As a part of green audit of campus, we carried out the environmental monitoring of campus including illumination and ventilation is adequate considering natural light.

ENERGY AUDIT
2019-2020

INTRODUCTION

Three expert members appointed for external energy audit 1. Prof. S. T. Mahajan, Head, Dept. of Physics, B. N. College, Bhivandi 2. Prof. Atul Namdeorao Wagh (Dept. of Physics) B. N. College Bhivandi Dist. Thane , and 3. Mr. CharudattaWadnere

01. College History

A Spiritual Leader, Visionary Figure Acharya Swami Ganeshdasji Maharaj, Founder of Sadhubella Education Society, believed that "The Need of time is to nourish the students for all round personality development much beyond academic excellence." The weaker female section neglected by society since centuries touched the kind heart of our beloved Swami Ganeshdasji Maharaj. He started education specially for girls which flourished from bottom to top. Our college is the only girls college in Mumbai suburban areas affiliated to University of Mumbai. This step of the Swamiji was not only appreciated but supported from International level.

Due to globalization and active participation of women in every field, our college came forward to start professional courses i.e. Bachelor of Management studies, B.Com. (Banking and Insurance). From last academic year we have started M.Com. (Accountancy).

The college has achieved academic excellence in a very short span of time. The students have proved themselves in academic field, sports & cultural activities. The faculty of the college strive hard for development of the students and are great support to them.

We expect all types of support and encouragement from every corner of the society to fulfill the dreams of Swamiji to bring the college on global arena

2. Energy Audit: “An energy audit is an assessment and analysis of energy flows in a process or system, aimed at reducing the amount of energy input into the system without negatively affecting the output (s).

Energy Audit is the key to a systematic approach for decision-making in the area of **energy** management. It attempts to balance the total **energy** inputs with its use, and serves to identify all the **energy** streams in a facility. It quantifies **energy** usages according to its discrete **functions**.

As per the Energy Conservation Act, 2001, Energy Audit is defined as “the verification, monitoring and analysis of use of energy including submission of technical report containing recommendations for improving energy efficiency with cost benefit analysis and an action plan to reduce energy consumption”.

Aims and objectives of Energy Audit:

- a. The main objective of an energy audit is to explore various possibilities for energy conservation.
- b. The Energy audit provides the vital information base for overall energy conservation program covering essentially energy utilization analysis and evaluation of energy conservation measures.
- c. Identifying the quality and cost of various energy inputs relating energy inputs and production output.
- d. The objectives of an energy audit can vary from one plant to another. However, an energy audit is usually conducted to understand how energy is used within the plant and to find opportunities for improvement and energy savings.
- e. Sometimes, energy audit is conducted to evaluate the effectiveness of an energy efficiency project or program.

Advantage of Energy Audit

- Through energy audit, you can: Promote awareness in energy efficiency.
- Identify the cost of energy you use.
- Identify and minimize wastage. Making changes to procedure, equipment and system to save energy.
- Retrofit energy efficiency technologies.
- Conserve non-renewable energy resources.
- Protect the environment by reducing power generation.
- Reduce running cost.

Report of Energy audit:

Observation: As far concerning the energy audit, electricity audit is main concern regarding educational institution. We have collected data by considering the tube light, fan, computer, printer, A.C and instruments. Variation in electricity bill is due to different programs, local environment, functions. In the month of April and May energy requirement is more, because exams are going on in this period and summer season is going on so more electricity is required in this month's mostly. Thirty-three LED tube lights were replaced for energy saving. 2 KV PV solar panel installed which is producing 150 units energy per month approximately. It is the effort to reduce the amount of energy input in the college. Two LED street lights are installed in premises of the college which is on entire night being LED street light saving the consumption of energy.

Comparative Chart of Yearly average unit

Year	Average Unit	Total Unit	Solar installed in year
April-2017 to March - 2018	963	11553	
April-2018 to March - 2019	869	10430	
April-2019 to March - 2020	391	4693	Solar Panel installed

Resource and material use: Use of renewable energy 6 solar units are working, each has 2 KW powers. Therefore, total power receive from solar energy is 2 KW.

Recommendations:

1. In our view thirty-three LED tube lights have been installed but remaining 78 LED tube lights should be replaced at an earliest to save more electricity.
2. 06 photo voltaic solar panel should be installed to save more electricity and to reduce the amount of energy input into the system.

Conclusion: In conclusion, data generated in energy audit are useful for to understand the energy distribution and utilization of college. In year April,2017-to March, 2018 average unit is 963 Unit. In March, 2018 to April, 2019 average unit is 869 and April 2019 to March 2020 average unit is 391. Installed solar panel is benefiting to the college. Energy audit provided the vital information base for overall energy conservation which will be guiding path for energy management. We will try to install more solar panels and replace the remaining tube light (240 W.) into LED tube lights.

Three expert members appointed for external Environmental audit **1) Prof. Chetan Waman Mahajan**, Dept. of Geography / Environmental Science, J.S.S.P'S. Arts commerce and Science college, Goveli Tal. Kalyan, Dist. Thane, **2) Mrs. Manjushree Chetan Mahajan**, Asst. Prof. Department of Geography/ Environmental, K.V. Pendharkar college of Arts Commerce and Science, Dombivali Dist. and **3) Mr. Waman Sonawane**, Sanitary Inspector, Ulhasnagar Mahanagarpalika corporation of inspection.

Environmental audit is defined as basic management tool which comprises a systematic, documented, periodic and objectives evaluation of how well organization, management systems and equipment are performing phase. Post audit activity pertaining to drawing conclusion and identifying areas of improvement.

Environmental audit is done to safeguard the environment and minimize risk to human health.

The key objectives of an environmental audit are to:

1. To assess environmental performance.
2. To promote environmental awareness.
3. To improve production safety and health.

4. To reduce waste.
5. Verify compliance with relevant national, local or other laws and regulations.
6. Determine how well the environmental management information systems and equipment are performing.
7. Minimize human exposure to risks from environmental, health and safety problems.

A comprehensive and proper environmental audit report cover a number of environmental categories including:

1. Waste management: Municipal corporation collects waste from college campus daily.
2. Water management: College provides clean, filtered drinking water to students. Water management is proper and water harvesting system has been implemented.
3. College organized painting competitions, distribution of cotton cloth in collaboration of Municipal corporation Ulhasnagar-3 to create awareness regarding environment.
4. College rallies are arranged to create awareness among the public regarding clean environment.
5. College organized nature trip at Bhimashankar and Alibag.
6. College maintain green and clean campus. Made arrangement for separation of dry waste, wet waste dustbins and for E-Waste in college campus.
7. College celebrate the days connected with environment like Environment day to create awareness among the students.
8. College prepared compost pit for decomposed fallen litter in college campus and Worm culture tank are also made in college garden.
9. In college campus stick notice on plastic ban and junk food ban in college campus.
10. College promotes generating less waste during festival.

11. The college has a system provided drinking water earthen flat pots and bowl for birds.
12. Fire extinguisher is installed at strategic place in the college to meet with any emergency of extinguishing fire.
13. PCI has been given annual contact to check the loss inflicted by Rats.

Resource and material use :

College has a well of which water is utilized for gardening, toilets and bathroom through pipe lines uninterruptedly.

Clean and cool Drinking water facilities provided in the staff room (Aqua guard with water cooler).

Recommendations:

1. Waste : Consider reducing the number of general waste bins in offices to one or two in order to encourage people to think more carefully about the waste they are producing.
2. Ensure that it's clear as to which bin collect which waste stream.
3. Provide separate bins for glass on each floor to make segregation and collection easier.
4. Consider designating the Eurobins for either general waste or recyclables in order to avoid the possibility of cross contamination.
5. Water: Consider carrying out meter reading on a regular basis (e.g. bi-monthly) In order to monitor water usage. Not only will this make checking water bills much easier but also allow a base line to be set from which further reductions can be measured, as well as possibly altering RSA to any leaks.
6. To place environmental information to the public

Emergency plans and response /safety system:

The review of the emergency response system will ensure adequate knowledge, alertness and readiness of the staff concerned to effectively face an emergency.

Conclusion:

The main purpose to conduct environmental audit was to explain the ways in which environmental awareness contributes to improving and preserving environmental protection, respecting the concept of sustainable development. We pay heed attention on the practical applicability to reduce pollution and improve environmental protection. A number of factors were taken into consideration i.e. waste management, water management, cleanliness programme, green and clean campus, compost pit and plastic ban.

We take initiative to instill a sense of environmental protection among students and achieve a higher level of environmental performance. We are contributing to the conservation of natural resources, using less electricity etc. College adopts ecofriendly practices and takes necessary action.

Report on Blood Donation Camp

NSS Unit of our college arranged Blood Donation Camp in collaboration with J.J Mahanagar Raktapedhi Blood Bank on 7th September, 2015 at college premises. It was organised with the intention of creating awareness on why we need to donate blood and how it could be helpful for people who are in need. Around 23 units of blood were collected. It is needed for regular transfusions for people with conditions such as thalassaemia and sickle cell disease and is used to make products such as clotting factors for people with haemophilia. There is a constant need for regular blood supply because blood can be stored for only a limited time before use. Regular blood donations by a sufficient number of healthy people are needed to ensure that safe blood will be available whenever and wherever it is needed. A decision to donate your blood can save a life, or even several if your blood is separated into its components — red cells, platelets and plasma — which can be used individually for patients with specific conditions. Along with blood donation camp we even took up activities on blood donation awareness.

**REPORT OF GLOBAL YOUTH EMPLOYABILITY INITIATIVE ON ART
OF LIVING COURSE AND RETAIL SECTOR MANAGEMENT TRAINING
BY BARCLAYS IN ASSOCIATION WITH NATIONAL SKILL
DEVELOPMENT CORPORATION (NSDC), INTERNATIONAL
ASSOCIATION FOR HUMAN VALUES & LAURUS EDUTECH SKILL
INDIA**

Art of Living in collaboration with National Skill Development Corporation arranged Retail sector training for the students of our college. Art of Living course was conducted in KC Thadani hall and training in Retail sector was conducted for two batches in class room no. 1 & 2 from 1st February, 2016. It was sponsored by Barclay's Company as a part of their CSR activity in association with National Skill Development Corporation (NSDC), International Association for Human Values & Laurus Edutech Skill India.

Ninety-three (93) students of Third year B.com/BMS/BBI were enrolled for this course and they successfully completed both parts of training i.e., Art of Living course & Retail Sector training along with four (4) Professors:

- A) Prof. Kiran Menghani
- B) Prof. Smita Chawak
- C) Prof. Devanjali Dutta
- D) Prof. Sonam Kotwani

Objectives of the Course:-

- I) To build holistic approach towards work among students.
- II) To enhance the students Knowledge on Retail Management through NSDC training.
- III) To provide practical exposure of Retail sector.

Activities conducted under this training were:-

To achieve the first objective students passed through Art of Living activities viz.

Students received certificates on completion of course of Art of Living & Retail Sector Management training by Barclays in association with NSDC, International Association for Human Values & Laurus Edutech Skill India

Students received certificates on completion of course of Art of Living & Retail Sector Management training by Barclays in association with NSDC, International Association for Human Values & Laurus Edutech Skill India

- i) Meaning of Life
- ii) Pranayam counts
- iii) Sudarshan Kriya

To achieve second & third objectives i.e., to enhance the students knowledge on Retail sector Management through NSDC training, the above-mentioned Professors who themselves have undergone with the training for the same which was organized by Barclays on 16th February, 2016. This training was conducted for the above mentioned Professors via Skype by Priti Malaviya, trainer from Barclays. After that, these Professors provided training to the students in two batches from 18th February, 2016 onwards in class room no. 1 & 2.

These Professors gave NSDC training to 93 students for 60 hours.

To improve Personality and to enhance practical knowledge of students, Industrial Visit was organized to Barclays Investment Bank, Goregaon for three consecutive Wednesdays of February month. Those students who have undergone the training were awarded with a certificate.

Outcome of the Event: -

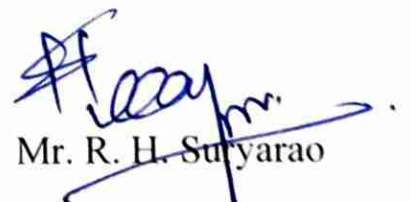

This program was the combination of Art of Living course/ Retail Sector Management training & Soft skills training.

Art of Living course helped students to build confidence in them and have different prospect towards life. Students learned to do meditation, physical exercises, which is very useful to develop their mental strength & stability.

Retail course helped students to develop marketing skills, entrepreneurship qualities and communication skills. It is very important as Retail sector is one of the fastest growing sector in India and has vast employment opportunities in future.

Report of Career Guidance Cell 2016-17

1) "Careers in government jobs" a workshop cum seminar

28th June, 2016

Prof. In charge:

Prof. Neetu purswani

Prof. kiran menghani

Department of commerce organized career guidance workshop on 28th june 2016 for the students of FY,SY, TY Bcom students. Triumphant institute of management education pvt. Ltd. (t.i.m.e.) is india's leading test-prep institute with a pan-india presence and is headquartered at hyderabad. Established in 1992, t.i.m.e. today operates out of 236 offices located in 112 towns and cities across the country. Over 40 IIT/IIM graduates form part of the core team at t.i.m.e.

T.i.m.e. is today acknowledged as a multi-location, multi-programme training specialist run on corporate lines and offers a wide range of programmes not only for national and state-level entrance exams like the cat, mat, jee main and jee advanced, but also for international exams like gmat, gre, ielts and toefl.

Through its campus recruitment training conducted at various engineering colleges across the country every year, t.i.m.e. trains thousands of students in aptitude tests and communication skills as a part of preparing them for their campus placements.

In keeping with its tradition of always maintaining a watchful eye on market trends and tapping them, t.i.m.e. has introduced training programmes for bank po & clerical exams, ssc cgle, gate, cds, csat(paper 2) and clat.

T.i.m.e. has achieved an important milestone of training more than 18.5 lakh students since inception and over 1.5 lakh students in the last year alone for the various entrance examinations.

When it comes to results, t.i.m.e. has always been head and shoulders above the rest. 2301 t.i.m.e. students who are a part of t.i.m.e.'s flag ship programme, the cat, made it to the prestigious indian institutes of management (class of 2016-2018). 11 t.i.m.e. students got 100 percentile in cat 2015.

A trainer mr. Virendra tiwari from times came to our college and conducted a workshop based on careers in government jobs. Basically how to apply for those jobs, what are preparatory tests, how to crack those tests etc.

Mr. Virendra tiwari and his associating teams guided students . He also showed ppts based on the needs of a successful life and development of career prospects.

Mr. Virendra Tiwari from TIME explaining through PPT “ careers in govt jobs”

The program was attended by students of all classes and they appreciated the knowledge shared and the method of imparting information.

**REPORT OF WORKSHOP ON “GROUP DISCUSSION AND PERSONAL
INTERVIEW” BY TIME INSTITUTE**

Date: 26/07/2016

Prof. In Charge:

Prof. Neetu Purswani

Prof. Kiran Meghani

A seminar cum workshop based on GDPI was conducted on 26th July, 2016 at 11 a.m in room no.1 on 1st floor of college premises. The resource persons were Mr. Ramesh Tiwari and Mr. Tushar Mahajan, from TIME (Triumphant Institute of Management Education). The main highlights of the seminar were:

- Mock interview session
- Group discussion session
- Career guidance by TIME people
- Recruitment, selections and placements in the corporate world.

Mr. Ramesh Tiwari highlighted importance of Group Discussion in the selection process. A Group Discussion involves various members to express their views on a certain topic, activity, etc. Reasoning, time management, presentation, summarizing, creativity, listening are the main parts of Group Discussion. The main objective to conduct Group Discussion is to observe leadership quality, communication skills, depth of subject knowledge, listening skills, level of confidence and expression power among the candidates. He recommended some tips to prepare for the Group Discussion. A candidate should prepare oneself before participating in Group Discussion. Go through the important and national and international affairs, current affairs, see the news on the channels may help the candidate.

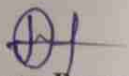

Mr. Ramesh Tiwari from TIME

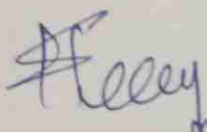

Students attending TIMEs seminar cum workshop

Near about 100 students of B. COM, M.COM, BMS and BCBI participated.

Prof. Neetu C Purswani, HOD Commerce, expressed vote of thanks and said the students that there is a cut throat competition for jobs in the business world. So, students should take efforts to be interviewed properly.

Report on "NATIONAL SECURITIES DEPOSITORY LIMITED"

J.W. Sadhubella Girls college organized one day Industrial visit for students of BMS & BBI to NSDL, Parel in the Academic year 2016-17. Students had visited NSDL in three batches dated on 24th August, 26th August & 30th August of 2016. Total 168 students visited to NSDL.

NSDL is the first & largest depository in India established in August, 1996 as the first electronic securities depository in India with national coverage based on national institution. It has established national infrastructure using international standards that handles most of the securities held & settled in dematerialized form in the Indian market.

In the first session the film was shown by NSDL which showed the importance of savings & investments. The message was given regarding how small investment can also be beneficial in future & compounds the value of money.

After the movie session was conducted by Mr. Marlon on the basics of securities market, and the function of NSDL. He also informed students about the various certification exams conducted by NSDL and motivated students to appear for the same and enhance their career opportunities.

Session started at 11:00 am in the morning and ended at 1:30 pm in noon. Students gained the knowledge of Depository, securities & services offered by NSDL. They also gave detailed knowledge about Mutual funds & SIP. He also suggested students to open the Demat account and start investing. The session was very knowledgeable and helpful to students.

The visit gave the students a practical insight for the working of NSDL and its role and importance in securities market.

Report on Blood Donation Camp

NSS Unit of our college in collaboration with Central Hospital conducted Blood Donation Camp on 3rd September 2016 from 10:00 am to 2:00 pm in the college premises. Human blood is an essential element of human life with no substitute. In many major surgeries and trauma emergencies the use of whole blood is now well accepted. Blood transfusion has been responsible for saving millions of lives each year around the world. Yet the quantity and quality of blood pool available for transfusion is still a major concern across the globe, especially in the developing countries. The purpose of blood donation camp to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation. Blood donation camp should motivate the public to donate blood by oral communication, which is the most effective method of recruiting donors. 22 units of blood were collected through the Camp.

Savitribai Phule Jayanti was celebrated on 3rd January, 2019, which was conducted by Women Development Cell. The Jayanti celebration started by lighting of the lamp, then the speech was given by Ms. Anagha Kotekar and a student Komal Saini. In this speech they explained:

- a) Savitribai Jyotirao Phule (3rd January 1831 – 10th March 1897) was an Indian social reformer, educationalist and poet from Maharashtra.
- b) She is regarded as the first female teacher of India.
- c) Along with her husband, Jyotirao Phule, she played an important role in improving women's rights in India during British rule.
- d) Savitribai Phule along with her husband founded the first girl's school in Pune which was run by Indians at Bhide Wada in 1848.
- e) The couple also opened a care centre called 'Balhatya Pratibandhak Griha' for pregnant & rape victims to help deliver their children.
- f) Savitribai Phule wrote many poems against discrimination and encouraged people to get educated.

Later on our Principal Dr. Vasant P. Mali concluded the whole program by honouring the great contribution of the Savitribai

Phule for the enhancement of the women in the society and the program ended by singing National Anthem.

Report on Plastic Ban Rally

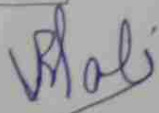

NSS Unit of our college along in collaboration with the Municipal corporation of Ulhasnagar organised a rally on 'Plastic Ban'. The rally was conducted on 28th August 2018, in which 30 students of our college participated. Students prepared banners and slogans to spread awareness among the people to stop using Plastics as it is harmful to the environment. Volunteers also made few people aware that plastic should be banned and instead cotton bags should be used. It is evident that it takes years to completely destroy a piece of plastic. We see tanks, roads and dustbins choked with plastic causing problems for our future generations. If we create more awareness of the concept of source segregation and provide alternatives to plastic bags, straws and plates (single use plastic), we can do our part in saving the earth.

AIDS AWARENESS WEEK

AIDS (Acquired Immune Deficiency Syndrome) awareness week was organised from 1st to 7th December, 2018 to show support for people living with HIV and to remember those who have died from AIDS-related illnesses. World AIDS Day, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease. . During this week we conducted 4 activities for awareness of Aids. The following were the activities taken place for AIDS awareness: -

1. **Rally on AIDS awareness** – the rally was conducted by Central Hospital in Ulhasnagar in which our 14 NSS volunteers actively took part in it by preparing slogans and also different banners. The rally was started from Central Hospital and went throughout the furniture market and ended back to the hospital.

Volunteers taking part in rally organised by Central Hospital

2. **Banner** – Banners were prepared from every class by the NSS volunteers portraying messages on AIDS. The banners were displayed on every walls of the college making everyone aware through drawings and messages and sayings.

Banners prepared by volunteers for AIDS on 04th December, 2018

3. **Elocution** – Volunteers prepared for Elocution competition on the topic ‘HIV/AIDS prevention, treatment and care’. Volunteers clearly explained the measures to be taken, they also cleared certain myths that people had on AIDS also briefed how safe it is for others to be with AIDS infected people.

Volunteers participating on Elocution on AIDS - 04th December, 2018

4. **Role play** – Volunteers prepared 2 role plays on the topic and performed it so that it could be more understandable how AIDS spread, what measures to be taken, and what are the medical treatments required. They enacted through a story so that students could relate it on simpler basis. Volunteers actively participated in all the programme that was conducted they had put in their maximum efforts so that they could bring about awareness around and within the people.

Report on “How to manage money and be a smart investor”

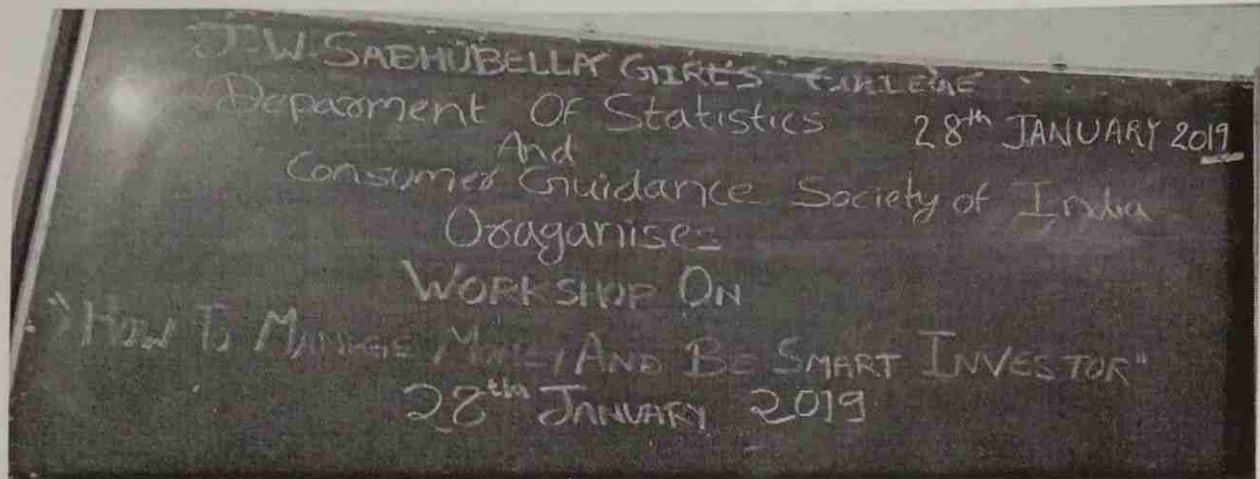

Date: 28th January, 2019

Sadhubella education society's J. Watumull Sadhubella Girls college organized a workshop on 28th January 2019. Mrs. Geeta Gangwani professor of Sonawane college Kalyan, was the speaker. 59 students participated in the workshop. Saving is very Important for our future, failing which we cannot survive in our old age. She said that how to manage our money properly. Investment is the best path but with rational decision. Understand your current financial situation, set personal priorities and finance goals, create and stick to a budget, establish an energy fund, save for retirement, pay off debt and schedule regular progress report are the psychology of managing money. They are the basics of money management. There are ten sample ways to manage your money better. Have a budget, using the budget, give yourself a limit for unbudgeted spending and track your spending. Don't commit to any new recurring monthly bills, make sure you are paying the best prices, save for big purchases, limit your credit card purchase and contribute to savings regularly and being good with money takes practice many boost up your financial position.

Investment skill is required for money management. She emphasized that we all have different investing goal and different time frame. To achieve the goal of investment we should get an early start, invest regularly, build a diversified portfolio, monitoring of portfolio and align investment with time horizon, successful investing involves making choices that meet your unique needs today and your financial goals for future should be followed. Being a smart investor will help you make better investing decision. Be smart about money. There are some tips to be a smart investor, check registration which protects you from unqualified and fraudulent investment professionals.

Have a plan for the short and long term as well as the unexpected, fees can significantly impact your investment returns. Risk is the potential to lose some or all of the money you have invested, make your investment grow faster by reinvesting any interest earned and be realistic and do not seek the highest possible return all the time. Report on Blood Donation

Blood donation camp was organized by NSS Unit on 02nd March, 2019 at Central Hospital for which 25 students were willing to donate blood but out of which only 5 volunteers could donate their blood. We had a teaching staff and an ex-student of our college to donate blood. All the required tests were taken duly before donating blood and refreshments were provided after the donation of blood. The Hospital certified our volunteers with donor card and a blood donation initiative certificate was also provided to the college. There is a constant need for regular blood supply because blood can be stored for only a limited time before use. Regular blood donations by a sufficient number of healthy people are needed to ensure that safe blood will be available whenever and wherever it is needed.

Our Principal shared few of his thoughts on how important it is to keep our country clean. Later, the authorities of Municipal Co-operation explained our students, their roles on keeping the environment clean, also explained different measures to take for keeping our environment healthy and clean. Students were told what issues were prevailing in the environment because our environment is unclean, related health issues and diseases that are hazardous to our lives. At the end of the program a pledge was taken promising of keeping our environment clean and neat and also promising that we would try to inculcate this habit among others too.

Around 45 students attended the seminar and all the students understood the motive of the seminar that is 'Clean India Healthy India'

J. W. Sadhubella Girls College conducted an Orientation Program for the students of First Year B.Com, B.Com (Banking and Insurance) and B.M.S students on 3rd July, 2018 at 11:00am. Student orientation programme plays an important role in a students transition to a university life. Orientation program was aimed to familiarize the students to an unknown campus environment, its faculties and infrastructure. It enables them to make essential connection with studies and develop network among other peers.

In the beginning of the first year, students need to be made acquainted to their surroundings in the campus through introductory sessions, giving them an overview of the college life, the rules and regulations mandated for each student in a particular college. Teacher coordinator of every stream gave an introduction about the curriculum and co-curriculum activities. Each and every teachers were also introduced to the newly admitted students.

All the students were well revised about the code of conduct guidelines stated. The guidelines in the code of student conduct generally parallel the college's overall mission and objectives. Therefore, the guidelines are established to regulate student behavior. Also, the code ensures the safety and protection of students, teachers, and college authority. It establishes the atmosphere of the college to allow the college to achieve its mission. Depending on the severity of the violation, the student code of conduct has established procedures to handle the student's prohibited behavior.

Report on code of conduct and Professional Ethics

Professional code of ethics provides a set of guidelines to employees, they can use to make good decisions at workplace. They act as a guide which enables the teachers to inculcate good values among the students. There are some universal ethical principles that apply across all profession like honesty, loyalty, trustworthiness, respect for others, adherence to the law etc.

College organised as programme on 'Awareness Program on Code of Conduct and Professional Ethics' on 16th July, 2019 for students, teaching and non-teaching staff. Principal Dr. Vasant Mali was the speaker for the programme. The programme was held in two sessions. First session was arranged at 12:30 p.m. for the students and second session at 1:30 p.m. for teaching and non-teaching staff.

He informed the students that the first and important source of professional values and ethics are parents or guardians. These are the moral values that stay with someone always. He explained the code of conduct for the students. He also informed all the students that code of conduct is displayed on the college website. They can refer the same by visiting the college website. Manual is also provided to them at the time of seeking admission in the college. The students are expected to adhere to the code of conduct provided by the college. Failing to comply with the code of conduct, disciplinary action will be initiated by the college authorities. He further directed all mentors to discuss the same in their lectures and mentor mentee meetings.

The second session was organised for the college teaching and non-teaching staff. He emphasised that teachers are the pillars of the education system. Education is manifestation of the perfection that is always inherent in the mankind. It is pious duty of the educator to recognise and give a vent to pent-up some special qualities hidden among the students. In his further utterance, he stated that non-teaching staff members should pay heed attention on transparency, official standard, co-operation with students to sort out the problems amicably and adhere all rules and regulations laid down by University of Mumbai from pillar to post. He discussed on code of conduct and ethics to be followed by all the members of the college towards all the stakeholders. Staff members were intimated about the code of conduct uploaded on the website and were asked to adhere on the same. Failing to comply, disciplinary action will be initiated against the erring staff members.

Students and staff members were influenced with the expressed views of reverend Principal Vasant P. Mali. Intrinsic and extrinsic values are the common code of conduct of all the professions but for teaching fraternity, it is more large to be a role model for the betterment of the society.

This would be followed by an introduction to the organizing institutions and then the guest speaker /s , followed by their session. After this there would be question – answer session and a vote of thanks by another faculty member.

The objectives of the International Faculty Development Programme were:

- To equip librarians with new skills and knowledge for the nascent IT developments that are essential for providing better library services to the users.
- To maintain and enhance library effectiveness;
- To help librarians to fulfill academic responsibilities;
- To create research and collaborative network between LIS professionals and
- To help the participants in understanding the IT discipline for merging the library science and IT knowledge for the better functioning of libraries.

Session-wise reports are presented as below:

1. Session Report for 12-05-2020

Speaker: Dr Kalpana Shankar

Topic: Future proofing information societies during and after the global pandemic

Timing: 12.00pm to 1.20pm

Link for YouTube Recording:<https://youtu.be/c2Aa8tEbgY>

Team managing the session: Dr. Durga Murari, Deputy Librarian and
Ms. Jayshree Kamble, Assistant Librarian,

The first day's session started with a the Inaugural session. Dr Durga Murari welcomed all the participants and then the National Anthem of India and SNTD Women's University Song were played. This was followed by a brief introduction to the week long programme as well as a brief

introduction to the organizing institutions, by Dr Subhash Chavan, Director, Bharat Ratna Maharshi Karve Knowledge Resource Centre and Head, SHPT School of Library Science. Dr. Suvarna Rawal and Dr Minakshi introduced the Mumbai University College Teachers' Association.

After this, Dr Durga Murari briefly introduced the Chief guest of the session, the Vice Chancellor of the SNDT Women's University, Prof Shashikala Wanzari who then addressed the Speaker, and all participants. Madam Talked about the role of libraries in higher education. She also elaborated about Dr S R Ranganathan's five laws of Library Science and how they can be constantly re- interpreted with the changing times. Madam Vice Chancellor's inspirational words set the tone for this seminar

After this there was an introduction to the speaker, Dr Kalpana Shankar who started her session by asking whether it is possible to future proof information societies during and after a pandemic and said that the simple answer is that it is not possible. She talked about there being an information scarcity, about COVID 19 and aspects of the pandemic which was ironic given that we live in an age of information overload or rather infodemic.

In addition to this there has been so much disinformation and misinformation going around on all the social media about the virus, the statistics, about cures etc. In fact, people are using social media to spread so much information that that sometimes the false news travels twice around the globe before the true news emerges.

Elites, governments are positioning false choices are: economy, health/welfare, and civil liberties and sometimes there is a lack of proactive policy responses by governments and other bodies. The voices of expertise and intellectualism are not being heard clearly and sometimes a partial bit is amplified by the social media. Today Journalism/journalists are playing complicated and numerous roles. The LIS professionals clearly have a role to play in trying to sift through this information and give accurate and authentic information.

The talk was followed by question answer session conducted by Ms. Jayshree Kamble. Vote of thanks was given by Ms. Kamble.

The Session was successful as more than 4,500 views were seen on YouTube channel. The session was live on Zoom as well as on YouTube Channel.

2. Session Report for 13-05-2020

Speaker: Mr. Prashant Pandey, Director of Library Services, Flinders University Library, Adelaide, Australia

Topic: Transforming Academic Libraries

Timing: 12.30pm to 2.20pm

Link for YouTube Recording: <https://youtu.be/c2Aa8tEbgsY>

Team managing the session: Dr. Parul Zaveri, Associate Professor and Ms. Jayshree Kamble, Assistant Librarian

The session started with National Anthem of India and SNTD Women's University Song. Followed by that Dr. Parul Zaveri briefly introduced SNTD Women's University, Bharat Ratna Maharshi Karve Knowledge Resource Centre, SHPT School of Library Science, and J. Watumall

Sadhubella Girls College. Dr. Minaxi introduced Mumbai University College Teachers' Association. After this Dr. Parul Zaveri introduced the speaker Mr. Prashant Pandey

Mr. Prashant Pandey's talk was divided into three areas namely environmental condition in higher education leading to demand for change, Transformational ways libraries can respond to this demand and case study of how Flinders University Library is responding to current situation.

His talk focused on how the higher education system is changing globally, types of funding coming to higher education in different countries. He also emphasized on an open school concept and commented on the employment situation in general.

Mr Pandey said that there were challenges for the library professionals to be creative and provide library services while going from print to digital transformation and in automating libraries. He also talked about going from generalized LIS skills to specific skills required in librarianship, for e.g. data analytics, communication experts, blended librarianship and thus getting trained with the right skills for the right job.

Dr Pandey also mentioned that there will be disrupters in every profession including LIS, but LIS professionals should take these as challenges and turn them into opportunities. Libraries should be user centered and provide customized services. He also talked about how the Flinders University is coping up with the COVID- 19 pandemic and started offering education in online mode. His talk focused on what actions the library has taken like putting up signages for safe distancing in the library at multiple locations. Another service provided by the library is 'Book a librarian' where they can have dialog with the librarian. In the current situation there is an increased demand for the Book a librarian service compared to last year in 2019. He also mentioned about creating a road map of what to do once libraries become onsite. Key-takeaway from his talk is that LIS Professionals have to accept changing demand in current COVID-19 pandemic and reach users wherever they are by providing services in an online mode.

The talk was followed by a question answer session conducted by Ms. Jayshree Kamble. Followed by a vote of thanks.

The Session was successful as more than 4,500 views were seen on YouTube channel. The session was live on Zoom as well as on YouTube Channel.

3. Session Report for 14-05-2020

Speaker: Dr. Graziano Kratli- Digital Projects and Technology Librarian at the Divinity School Library under Yale University, USA

Topic: Personal Librarian Program

Timing: 5.00 pm to 6.30 pm

Link for YouTube Recording: https://youtu.be/0dIOEm_HBV0

Team managing the session: Dr. Jyoti Bhabal, Assistant Professor, and Ms. Varsha Varma

The session on 14th May 2020, started with National Anthem of India and SNDT Women's University Song. Dr. Jyoti Bhabal briefly introduced SNDT Women's University, Bharat Ratna Mahatma Jyotiba Phule Knowledge Resource Centre, SHPT School of Library Science, and J. Watumull Sadhubella Girls College. Dr. Minaxi introduced Mumbai University College Teachers' Association and then Dr. Bhabal introduced the speaker Mr. Graziano Kratli

Mr Graziano talked about the Personal Librarian Program (PLP) at Yale University, which is a library outreach initiative that was launched in 2008.

He highlighted his engagement in the program since 2009, He also shared the initiatives taken to support research activities of the faculty members at Yale University. In his talk he focused on the origins, the implementation, and the assessment of the program, with particular attention to its main aspects, its impact and its challenges. He also presented a scenario on the potential of the programme in the Covid 19 phase. He spoke about how the library reconfigured its operations during the lockdown to support the new teaching and learning scenario where most of the staff were working remotely from home. It was interesting to know that this program is giving a more intimate link with the library staff. They act as a mentor to the students and in the beginning also support them psychologically. The students are encouraged to seek assistance especially now when the physical library is closed.

Vote of thanks was given by Ms. Varsha Varma. About 1455 Participants gave feedback that found that the session was motivational for young professionals to extend their work boundaries. The Session was successful; about 1000 were watching it live on YouTube and more than 4000 views on You Tubechannel

The Valedictory session started with a welcome to both the guests, Dr J P Singh Joorel , Director INFLIBNET and Dr Vishnu Magare, Pro Vice Chancellor, SNDT Women's University.

After this Dr Durga Murari read the report of the 7 day International FDP giving a gist of what the speakers had talked about.

Following this Dr Subhash Chavan, Director, BMK Knowledge Resource Centre, SNDTWU and spoke about the programme, the speakers and the participants and what were the key takeaways from the IFDP. He mentioned that there were more than 1500 participants registered from many countries . He also talked about how this IFDP had been successful as it had been an online programme. It would have been very difficult to host this programme physically in the city of Mumbai !

After this two participants, Dr Ishappa Bandi from Pilani and Ms Triveni Kuchi from USA spoke about their experience of the IFDP. Both of them said it had been very good to listen to all the experts .

Ms Manisha Jadhar then introduced the Chief guest , Dr J P Singh Joorel , Director INFLIBNET who congratulated the organisers for conduct of the programme. He also talked about how they had been trying to get online education on the track and this situation made it gain momentum. The LIS professionals now have to think of getting all our resources converted into digital format, linking the systems and sharing the online resources and make it available to our stake holders.

After this Ms Jadhar introduced the Pro Vice Chancellor, Dr Vishnu Magare who was presiding over the function. Dr Magare said he was overwhelmed that we have taken up this programme even though there was a lockdown and that the KRC had continued to give this service. He said that it seemed that the programme was a great success and that it was a good cooperative work by three organisations and institutions. He also said that the LIS professionals were helping the online education to gain momentum. He said that the speakers presented all the serious topics in a way that seemed very familiar and this is what had made an impact on the participants. He also mentioned Dr S R Ranganathan and how he had carved out the field of Library Science.

After this Dr Parul Zaveri gave the vote of thanks. She thanked all the speakers who had shared their innovative ideas. She also thanked the Directors of the programme, the whole team of MUCTA and the whole organising team and experts on the advisory board. She thanked the participants for making the programme so successful and a special thanks to Mr Ishappa Bandi

and Ms Triven Kuchi for their feedback. She ended by asking everyone to keep in touch and stay safe.
