Introduction:

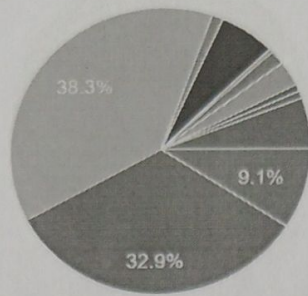

What a student learns today, prepares him/her for tomorrow and in today's competitive world it is necessary to be tomorrow ready. The syllabus must therefore be framed to ensure the same. It is further essential that the syllabus is properly on time. This feedback aims to collect information about the same.

Data Collection:

The above data was collected using a Google Form. The link for the same was forwarded to the students in their respective WhatsApp groups and responses were collected from all classes. Totally 243 responses were received.

Action Taken Report:

The academic year 2020-21 was very challenging for the education sector. In the COVID-19 pandemic situation, the Principal has taken initiative to complete syllabus within time by using various tools like ZOOM, Google meet, etc. which the teachers used for online teaching.

A survey was conducted regarding availability of tools like cell phones, laptops, etc and internet facilities. It was found that 95% students had these facilities or could arrange for it. Hence online teaching process was completed effectively.

Teachers were directed to cover 100 % of the syllabus, in a timely manner and be thoroughly prepared for class. The syllabus is designed by the University of Mumbai and only the implementation is left to the colleges. It was suggested to the teachers that they should provide practical examples and recommend reference books and journals to aid the students' understanding of the subject.
