Lecture on Benefits of COVID Vaccination (12th August, 2022)

NSS Unit of J W Sadhubella Girls College has organized AIDS awareness Programme on 12rd August, 2022. Dr. Nanda Samant (MD), Resource Person of the day was welcomed by Dr. Vasant P Mali, Principal of the college. He highlighted benefits of Covid Vaccination for this deadly virus.

(Dr. Nanda Sawant welcomed by Principal)

He stated that COVID-19 pandemic has brought about a lot of chaos and confusion in the world. The best defense against this deadly virus is vaccination. The COVID-19 vaccines have been developed and approved by health authorities all over the world. The vaccines are designed to help build immunity against the virus and prevent severe illness.

The primary benefit of COVID-19 vaccination is that it helps to prevent illness and hospitalization. The vaccines are highly effective in preventing severe COVID-19 symptoms and complications. Vaccination also reduces the risk of hospitalization and the need for intensive care. Vaccines help to protect both individuals and the wider community from the spread of the virus.

He drew attention towards the COVID-19 vaccination not only protects the individual who receives the vaccine, but it also reduces the risk of transmission to others. Vaccines help to break the chain of transmission by reducing the number of people who can spread the virus. This is especially important for individuals who are at higher risk of severe illness, such as the elderly and those with underlying health conditions.

(Volunteers attentively listening to the lecture on Covid vaccination)

He concluded that, COVID-19 vaccination is essential to protect against the spread of the virus and prevent severe illness. The vaccines are highly effective in reducing the risk of hospitalization, transmission.

Prof Rajesh Kumar Singh expressed vote of thanks to Dr. Nanda Samant.

Report on No Plastic use rally under Swachh Bharat Abhiyan

No Plastic Use Rally was organized by NSS Unit of J W Sadhubella Girls College under Swachta Bharat Abhiyan to create awareness among the public on rejecting Single Use Plastic.

Swachta Bharat Abhiyan is a nationwide cleanliness campaign initiated by the Government of India in 2014, with the aim to promote cleanliness, hygiene, and sanitation in the country. The campaign focuses on various issues related to sanitation, including waste management, public health, and environmental conservation. One of the major goals of the campaign is to reduce the use of plastic in the country. As part of this initiative, a no plastic use rally was organized by the college.

(No Plastic Use Rally in Gajanan Market, Ulhasnagar spreading awareness)

The main objective of the no plastic use rally was to create awareness about the negative impact of plastic on the environment, wildlife, and human health. The rally aimed to encourage people to adopt eco-friendly alternatives to plastic, such as cloth bags, jute bags, and paper bags. The rally also aimed to promote the use of biodegradable and compostable products to reduce the amount of plastic waste generated in the country.

The participants were dressed in colourful clothes and carried placards with slogans such as "Say No to Plastic," "Plastic-Free India," and "Reduce, Reuse, Recycle." The rally was led by a group of volunteers who were trained to educate people about the hazards of plastic and the importance of reducing its use.

(Volunteer giving slogan "Say No to Plastic," in Gol Maidan, Ulhasnagar)

The no plastic use rally started from college and covered several areas of the city. The route was carefully planned to cover areas with high footfall, such as markets, shopping malls, and public places. The rally passed through residential areas, educational institutions, and government offices, where the participants interacted with people and distributed educational material about plastic pollution.

The no plastic use rally organized by the Swachta Bharat Abhiyan campaign was a successful initiative to raise awareness about the negative impact of plastic on the environment and promote eco-friendly alternatives. The campaign was well-received by the public, and it had a significant impact in promoting sustainable practices. It is crucial that such initiatives continue to be organized to create a cleaner and healthier environment for the present and future generations.
